If any dafadar or chaukidar is absent from the pay parade, the amount due to him shall be kept in deposit in the board's office and paid to him in the presence of a member of the board on the first convenient opportunity. That member shall attest the payment in the payee's acquittance roll and in the payment register.

QUESTIONS AND ANSWERS.

STARRED QUESTIONS.

The following questions which had been starred were put and answered :—

By the Hon'ble Rai Radha Charan Pal Bahadur:—

***1.**

(*a*) Will the Government be pleased to state whether any sanitary survey of this province, district by district, was made with reference to the following:— Sanitary Survey of the Province

(*i*) improvement of silted up rivers and *khals* and *bils;*

(*ii*) improvement of sewerage in municipalities and drainage in rural areas;

(*iii*) improvement of water-supply in municipal towns and rural areas?

(*b*) What are the recommendations in this connection in the report of the Drainage Committee (1906-1907)?

(*c*) Have the projects recommended in the report been carried out?

Answer by the Hon'ble Mr. O'Malley:—

" (*a*), (*i*), (*ii*) and (*iii*) No sanitary survey has been made district by district, but a considerable amount of work has been done in the last few years in surveying various areas in the Presidency. Schemes for sewerage and water-supply in municipal towns are generally prepared on the requisition of the Municipal Commissioners.

(*b*) The recommendations of the Drainage Committee are contained in Chapter V of the report, a copy of which is laid on the library table.

(*c*) Of the four schemes recommended for execution, the Bagjola scheme has been completed. The Nawi Sunthi scheme has been commenced and is now in course of construction. The Bhairab scheme is being investigated, and it is hoped that a project will be ready before the close of next year As regards the Gobra Nala scheme, action was taken to declare the nala under section 40 of the Bengal Irrigation Act and attempts were made to remove obstructions from its course under the provisions of the Act. These, however, proved ineffectual as fishing rights in the nala and the right to erect bands for fishing purposes were claimed. The drainage cut from the Bistupur *Bil* to the nala has been remodelled, and for many years the water of the *bil* was allowed to flow into the nala in considerable volume. In regard to the Chalta and Chundoo *Bils*, the drainage channels leading into the nala were excavated.

Since the report of the Drainage Committee was published there has been a change in the principles adopted for anti-malarial schemes of drainage. It is no longer considered advisable to drain the Bistupur *Bil* into the Gobra Nala The present idea is that it should be kept as full as possible in order

Questions and Answers.

to prevent the breeding of mosquitoes and that at the end of the season the *bil* should be run dry into the Bhagirathi itself and not into the nala. In regard to the Chalta and Chundoo *Bils*, no further action has been taken beyond the excavation of the drainage cuts already alluded to. Before any permanent and effective anti-malarial scheme for the improvement of the Gobra Nala as a drainage channel can be given effect to, a scheme must be evolved which will include the flushing of the nala by means of water from some river and maintaining the water in the *bils* at a given level for the purpose of agriculture, and then for final drainage. Such a project has, however, not yet matured."

Danger and inconvenience of pedestrians at the junction of Harrison Road and Strand Road in Calcutta and proposal for construction of an over-bridge.

(*a*) Are the Government aware of the dangers and inconveniences to which pedestrians, especially women and children, are subject in crossing the junction of Harrison Road and Strand Road in Calcutta on account of the continuous running of tram cars and carriages and also owing to cart traffic?

(*b*) If so, are the Government considering the desirability of taking such action as may be necessary with a view to constructing an over-bridge joining the opposite footpaths at the junction?

Answer by the Hon'ble Mr. O'Malley:—

"(*a*) and (*b*) The matter appears to be one for the consideration of the Corporation of Calcutta and not of Government. Government have received no complaints on the subject and are not contemplating any action."

By the Hon'ble Rai Mahendra Chandra Mitra Bahadur:—

***III.**

Sheds for passengers at Hooghly Ghat and Garifa stations on E.I.R.

(*a*) Are the Government aware that there are no sheds on the up and down platforms of the Hooghly Ghat and Garifa stations on the Bandel-Naihati branch of the East Indian Railway for the protection of passengers from the rain and the sun?

(*b*) If so, are the Government considering the desirability of recommending to the Railway authorities to take such action as they may consider necessary with a view to remove this grievance?

Answer by the Hon'ble Mr. Cowley:—

"(*a*) and (*b*) The Hon'ble Member is referred to the answer given to unstarred question No. 7 asked by him at the Council meeting on 5th March, 1920. The attention of the East Indian Railway authorities has been drawn to the alleged inconvenience, and the Government of Bengal have no further information on the subject."

By the Hon'ble Rai Mahendra Chandra Mitra Bahadur:—

***IV.**

Appointment of District Inspectors in Provincial Educational Service

(*a*) Are the Government taking any steps to give effect to the report of the Government of India on the progress of education in India, 1912-17, para 100, page 42, regarding the appointment of District Inspectors in the Provincial Educational Service in each district?

(*b*) If so, when are these appointments likely to be made?

Questions and Answers.

Answer by the Hon'ble Mr. O'Malley:—

"(*a*) and (*b*) The scheme for the appointment of a District Inspector of Schools in the Provincial Educational Service for each district has been kept in abeyance in view of financial difficulties, and Government see no prospect at present of being able to introduce it."

By the Hon'ble Rai Mahendra Chandra Mitra Bahadur:—

***V.**

(*a*) Are the Government taking steps to increase the pay of officers of the Lower Subordinate Educational Service?

(*b*) Will the Government be pleased to state what provision has been made for the 18 officers of the Lower Subordinate Educational Service whose services have recently been dispensed with on the abolition of the posts?

Pay of officers of Lower Subordinate Educational Service and provision for 18 discharged officers from that service.

Answer by the Hon'ble Mr. O'Malley:—

"(*a*) The answer is in the negative. In this connection the Hon'ble Member is referred to the reply given to unstarred question No. 21 asked by the Hon'ble Babu Sib Narayan Mukharji at the meeting of Council held on 5th March, 1920.

(*b*) The Hon'ble Member appears to be under a misapprehension. Government have not dispensed with the services of eighteen officers of the Lower Subordinate Educational Service."

UNSTARRED QUESTIONS.

(*Answers to which were laid on the table.*)

By the Hon'ble Babu Bhabendra Chandra Ray:—

1.

(*a*) Has the attention of the Government been drawn to the discussion, held in the Imperial Legislative Council on the 24th February last, on a resolution moved by the Hon'ble Mr. B. N. Sarma, recommending the abolition of control over inter-district and inter-provincial movements of rice and other food-stuffs, and particularly to the official statement made by the Hon'ble Mr. Mant in connection therewith to the effect that control had been removed everywhere except in the Punjab and the United Provinces?

Inter-provincial movement of rice.

(*b*) If so, will the Government be pleased to explain, in the light of the above remarks, their recent statements that the inter-provincial movement of rice is subject to a system of control?

Answer by the Hon'ble Mr. McAlpin:—

"(*a*) The attention of Government has been drawn to the discussion in question. The Hon'ble Member is, however, labouring under a misapprehension. He is referred to the record of the proceedings of the Imperial Legislative Council which will be found at page 367 of Part VI of the *Gazette of India* of the 6th March, 1920, from which it will appear that the statement made by the Hon'ble Mr. Mant referred only to wheat and gram, and not to rice.

(*b*) Needs no reply."

Licenses for sale of intoxicating liquor and drugs.

(*a*) Is it a fact that on recent occasions licenses for the sale of intoxicating liquor and drugs have been granted by the Excise authorities to graduates and undergraduates in preference to the classes who were in the trade before?

(*b*) If so, will the Government be pleased to state whether this action denotes the adoption of a new policy?

(*c*) Will the Government be pleased to state the number of graduates and undergraduates who have been granted such licenses in the different districts?

Answer by the Hon'ble Mr. Marr:—

"(*a*) and (*b*) Yes No new policy has been adopted. The policy is laid down in paragraph 211 (2) of the Bengal Excise Manual, Volume II, and is gradually to secure a body of honest and reliable licensees With this object in view, in some districts the Collectors have selected graduates and undergraduates as licensees under the fixed fee system.

A statement is laid on the table"

3.

Will the Government be pleased to lay on the table a statement showing the names of any political and State prisoners and other persons detained for political reasons, in Bengal, who have not been released yet?

Unreleased *détenus* in Bengal.

Answer by the Hon'ble Mr. Stephenson:—

"The number of persons confined under Bengal Regulation III of 1818 at the instance of the Government of Bengal is at present 37. Government are not prepared to publish the names of these persons. There are no other persons detained for political reasons in Bengal."

By the Hon'ble Babu Bhabendra Chandra Ray:—

4.

(*a*) Has the attention of the Government been drawn to the observations made by Mr. Noyce, Controller of Cotton Cloth, in his report, published in the *Gazette of India*, January 31, 1920, to the effect that in Bengal standard cloth was "popular amongst the people who got it" and that "the quantity of standard cloth sold was insufficient to affect the market rates of other cloth, but the fact that standard cloth could be counted on had a salutary effect on potential profiteers?"

Standard cloth for Bengal.

(*b*) Has the attention of Government been also drawn to the very small quantity of standard cloth indented for Bengal, as compared with the other provinces?

(*c*) Will the Government be pleased to state their reasons for not indenting for standard cloth in larger quantities in view of the observations referred to above?

(*d*) In what circumstances does the case of Bengal differ from those of the other provinces which indented heavily, justifying such action or lack of action on the part of this Government?

Answer by the Hon'ble Mr. Marr:—

"(*a*) Yes.

(*b*) Yes.

(*c*) and (*d*) The Hon'ble Member is referred to the speeches of the Hon'ble Mr. Crum and the Hon'ble Sir H. Wheeler at the meeting of this Council on the 19th February, 1919."

By the Hon'ble Babu Bhabendra Chandra Ray:—

5.

(*a*) Is it a fact that the Indian Association recently addressed the Government stating that it would appoint a standing committee who would be in perpetual session and would promptly submit their views on all questions relating to the reforms that might be referred to them from time to time as in the case of the committee appointed by this Council on the 3rd February last for a similar purpose?

Opinions of public associations on questions of reforms.

(*b*) If so, what reply has been given to the said communication?

(*c*) Are the Government aware that there is a considerable feeling in the country that public opinion on these questions should be ascertained not merely through a committee of this Council, but upon reference to recognised public associations that might offer to deal with them expeditiously?

Questions and Answers.

Answer by the Hon'ble Mr. Stephenson:—

"(*a*) Yes.

(*b*) A copy of the reply of Government is laid on the table.

(*c*) Government have seen certain statements to this effect, but they have to be guided by what is practically possible, looking at the date on which the final elections will be held."

Copy of letter No. 570/71 A.R., dated the 27th February 1920, referred to in the answer to question No. 5 (unstarred) of the 29th March 1920, from the Additional Secretary to the Government of Bengal, Appointment (Reforms) Department, to the Secretary to the Indian Association and Secretary to the Marwari Association.

I am directed to acknowledge the receipt of your letter letter No. 14 dated the 4th 6th February, 1920, regarding the formation of an Advisory Committee to deal with matters arising out of the proposals for Constitutional Reforms.

2. In reply, I am to say that, for the reasons outlined by His Excellency at the meeting of the Legislative Council on the 3rd February, 1920, it is not considered expedient to enlarge unduly the size of the standing committee which has been formed, and which it is intended to restrict to Members of the Legislative Council. The admission of claims to respresentation from some outside bodies must obviously lead to claims from others, which could not be conceded if the committee is to remain of manageable size. An endeavour will, however, be made to consult particular interests about individual points with which they may be specially concerned.

By the Hon'ble Babu Bhabendra Chandra Ray:—

6.

Purchase and sale of salt and shortage of supply at Sulkea Salt Golahs.

(*a*) Did the local Government modify all or any of the rates mentioned in clauses 1 and 2 of the notification No. 5068 Com., dated the 23rd December, 1919, fixing the maximum price at which salt should be sold with effect from the 1st January, 1920, in the case of contracts entered into before the date of the said notification?

(*b*) Has the attention of the Government been drawn by a number of Indian salt merchants to the fact that the European importers of salt compelled the Indian purchasers to pay rates higher than those fixed in the said notification, in respect of contracts entered into before the said notification but in respect of which contracts there was no appropriation of goods within the meaning of section 83 of the Indian Contract Act?

(*c*) Did the Indian salt merchants bring to the notice of the Government, in their letter to the Financial Secretary to the local Government, dated the 15th January, 1920, that they have received legal advice that the realisation of the higher rates by the sellers in respect of deliveries effected after the 1st January, 1920, even under contracts entered into before the date of the said notification, was a breach of the orders under the said notification?

(*d*) Did the Indian merchants approach the Government for relief in this connection?

Questions and Answers.

(*e*) What inquiries have the Government made in this matter and what steps have the Government taken against those who committed a breach of the said notification?

(*f*) What steps have the Government taken to accord relief to the Indian merchants in respect of the higher rates realised from them by the European sellers?

(*g*) When issuing the said notification were the Government aware of the fact that on account of the shortage in the supply of wagons and on account of inadequate arrangements at the Sulkea Salt Golahs, salt purchased since about the 24th November, 1919, had not been given delivery of at the date of the said notification?

(*h*) Are the Government aware of the fact that at the date of the said notification, on account of the non-delivery of salt for the reasons mentioned in the last preceding question the Indian purchasers had to take delivery of about 7,00,000 maunds of salt under contracts entered into before the 23rd December, 1919, and that if they had to pay at the contract rates and sell at the rates mentioned in the said notification, they stood to lose heavily for no fault of their own?

(*i*) Are the Government aware that although the demands require a supply of about 100 wagons per diem at the Sulkea Salt Golahs, a much smaller number of wagons (sometimes numbering only 10 to 15) are in fact supplied?

(*j*) What steps have the Government taken to secure a larger supply of wagons to prevent serious shortage of salt?

(*k*) Are the Government aware of a feeling that exists that this shortage of supply cannot be merely due to the scarcity of wagons, inasmuch as wagons for despatch of salt have for some time been supplied at the Howrah Ghat Shed by reason of which preference is secured by a very few number of merchants?

(*l*) What steps have the Government taken to see that all wagons available for the conveyance of salt are supplied at the Sulkea Salt Golahs?

Answer by the Hon'ble Mr. Marr:—

"(*a*) No.

(*b*) These statements were made in their representations to Government.

(*c*) Yes.

(*d*) Yes.

(*e*) and (*f*) As this was a matter of legal interpretation which only a court of law was competent to decide, Government refrained from interference.

(*g*) Government have no official knowledge of the amount of salt purchased between the 24th November and 23rd December; but their information is that the purchases made in this period were very largely in excess of the amounts that could possibly have been delivered within a reasonable time in the most favourable conditions. It is true that there was a shortage of wagon supply, but this was well known to the trade before the large purchases referred to were made. There were occasions during the period when facilities for the removal of salt by boats were offered but were not accepted.

(*h*) See answer to (*g*). This has been stated by the Indian merchants in their representations to Government, who have no other source of information regarding contracts.

(*i*) Yes.

(*j*) The Customs Department have repeatedly drawn the attention of the Railway Company concerned to the shortage of wagons.

(*k*) This is a matter for the East Indian Railway.

(*l*) See answer to (*j*)."

Non-representation of Hindus of Natore subdivision on Rajshahi District Board.

(*a*) Is it a fact that there is not a single Hindu member representing the Natore subdivision on the Rajshahi District Board (excepting the present subdivisional officer, who is an *ex-officio* member)?

(*b*) If the answer to clause (*a*) is in the affirmative, are the Government considering the advisability of nominating a Hindu member to the District Board from this subdivision?

Answer by the Hon'ble Mr. O'Malley:—

"(*a*) The answer is in the affirmative.

(*b*) Under the Local Self-Government Act appointments to District Boards are made by the Commissioner of the Division. That officer will consider the matter when the District Board is next reconstituted."

(*b*) Will the Government be pleased to lay on the table a detailed statement of the proposals, as finally decided upon, regarding the future prospects of these services?

(*c*) Will the Government be pleased to state what steps are proposed to be taken regarding the future pay and prospects of sub-deputy collectors?

Answer by the Hon'ble Mr. Stephenson:—

"(*a*) and (*b*) Final orders regarding the future pay and prospects of the Provincial Services, Executive and Judicial, have not yet been passed, but it is hoped that a decision will now be reached very shortly.

(*c*) The Hon'ble Member is referred to the answer given to unstarred question No. 10 at the meeting of the Council held on the 3rd February, 1920."

10.

(*a*) Will the Government be pleased to state what amount, if any, has been spent regarding the improvement of the khals in Eastern Bengal, viz., Tulsi and Dolai khals out of the sum of Rs. 50,000 allotted in the current year's budget? Improvements of khals in Eastern Bengal.

(*b*) If nothing has been spent, will the Government be pleased to state the reason why?

Answer by the Hon'ble Mr. Cowley:—

"(*a*) Of the special budget provision of Rs. 50,000 for improvement of waterways in the Dacca district, nothing has been spent.

(*b*) Owing primarily to the shortness of establishment which precluded the formation of a temporary works division at Dacca and secondly to the fact that no dredger is available."

By the Hon'ble Rai Sri Nath Ray Bahadur:—

11.

Will the Government be pleased to state what has been done during the year for the improvement of the river navigation in the districts of Dacca and Mymensingh and what the Government propose to do during the coming year? Improvements of river navigation in Dacca and Mymensingh districts.

Answer by the Hon'ble Mr. Cowley:—

"The expenditure during 1919-20 on the maintenance of waterways in the Dacca district is estimated at Rs. 33,000, while for the year 1920-21 the budget estimate has been placed at Rs. 41,750.

It is not the intention of Government for financial and administrative reasons to take up, during the year 1920-21, any works involving capital expenditure on waterways in either the Dacca or Mymensingh district. It is, however, intended that as works now under construction are completed and financial and administrative reasons permit, to undertake capital expenditure on waterways in the Dacca district."

By the Hon'ble Babu Brojendra Kishor Ray Chaudhuri:—

12.

(*a*) Will the Government be pleased to make a statement detailing the building and sanitary schemes that may be under their consideration in connection with the Dacca University? Dacca University.

(*b*) What is the total amount now to the credit of the Dacca University as grants from the Imperial and Provincial funds, recurring and non-recurring?

(*c*) What will be the probable capital and recurring expenditure for the Dacca University?

(*d*) Is it the intention of the Government to charge the Dacca University funds for the value of the Government buildings to be transferred to it?

(*e*) If so, what will approximately be the amount to be so charged for the respective buildings and other items of property, and on what principle has the said valuation been made?

Questions and Answers.

Answer by the Hon'ble Mr. O'Malley:—

" (*a*) Government have under consideration proposals for the sewerage of the Dacca University area and for the following buildings projects:—

(1) Three halls.

(2) Ten residences for members of the University staff.

(3) Three residences for Government officers to replace houses which it is proposed to make over to the University.

(4) Three intermediate colleges.

(5) Buildings for the Dacca Training College, including a demonstration school.

(6) A hostel for the School of Engineering.

(7) Additions to and alterations in the buildings of the Dacca College, School of Engineering and the Eastern Bengal and Assam Secretariat.

(*b*) Approximately 62 lakhs on 31st March, 1920.

(*c*) The estimates have not yet been worked out.

(*d*) and (*e*) It is proposed to meet from the balance of the Imperial grants for the Dacca University the cost of constructing residences to replace the residences of Government officers which will be made over to the University Estimates of cost are not yet ready."

13.

The Department of Industries.

(*a*) Is it a fact that the first clause of the terms of reference for the Indian Industrial Commission was " whether new openings for the profitable employment of Indian capital in commerce and industry can be indicated "?

(*b*) Is the Department of Industries being organised on the basis of the recommendations of the Commission?

(*c*) Was the clause referred to above accepted by the Imperial and local Governments as a principle for the guidance of the activities of the Department of Industries?

(*d*) Before acquiring land for industrial purposes for the companies mentioned in reply to the Council question No 34 (unstarred) on 18th December, 1919, did the Government inquire as to, and, if so, will they be pleased to state, what percentage of the capital of these companies was " Indian "? In what sense has the word been taken?

(*e*) If no such inquiry has been made, will the Government be pleased to consider the desirability of directing such an inquiry to be made?

(*f*) Is the Director of Industries the final authority to judge of the national importance of the industries applying for special facilities of land acquisition?

(*g*) What procedure is followed before an acquisition is made?

(*h*) Have further lands been acquired for industrial purposes subsequent to the 18th December, 1919, or any application received for facilities for the purpose of land acquisition?

(*i*) Did the Government inquire as to, and, if so, will they be pleased to state, what is the percentage of Indian capital in the companies that have applied for or obtained special facilities in the forests for development of industries?

Questions and Answers.

(*j*) Is it a fact that several large European companies have acquired and are acquiring extensive plots of land in the neighbourhood of Calcutta for starting industrial concerns?

(*k*) Have they applied for or received any help from the Government? If so, will the Government be pleased to state what is the nature of such help?

Answer by the Hon'ble Mr. Marr:—

" (*a*) Yes.

(*b*) Yes.

(*c*) Yes; but the suggestion in this and the following questions that facilities for the acquisition of land have been given to European capital and not to Indian capital in despite of this principle is misleading. The principle which Government have adopted in respect of such facilities is to grant them in order to foster industries in the interest of the general public. Whether European or Indian capital is employed is a question of initiative. Government would emphatically welcome an extension of the profitable employment of Indian capital in commerce and industry. Hitherto Indian firms have allowed European firms, whether the capital is mainly Indian or European, to take the initiative in most cases of the kind under consideration; they have themselves only taken the initiative in a limited number of cases.

(*d*) No; but it is understood that in three of the cases the capital was offered for subscription in India. It is impracticable in the case of specific companies to state what percentage of capital is Indian in the sense of being held by Indians, as such capital can change hands from day to day. Indian capital can therefore be best defined as capital which is offered for subscription in India.

(*e*) Government do not see the necessity for such an inquiry. The considerations which will weigh most with Government are the nature of the undertaking and the public interests therein.

(*f*) No. Government are the final authority to decide whether the special facilities of land acquisition should be utilised in the interests of the general public.

(*g*) The procedure, which has been in process of development, is now as follows in respect of cases covered by the recommendations of the Industrial Commission. The application is referred for opinion to the Director of Industries, who refers it to the Board of Industries and Munitions, if the advice of that Board is required either by the Local Government or by him. On the receipt of his report Government, if they consider there is a *prima facie* case for the grant of facilities under the Land Acquisition Act, direct an officer to hold an inquiry under section 40 of the Land Acquisition Act. This report is submitted to Government through the Commissioner. If Government on perusal of that report and the Commissioner's opinion thereon are satisfied that the conditions of section 41 of that Act have been fulfilled, an agreement is executed with the company which is published in the Gazette. Action under section 6 and the following sections of the Land Acquisition Act is then taken.

(*h*) The question put by the Hon'ble Babu Akhil Chandra Datta merely related to the names of the industrial companies to whom facilities for land acquisition had been given prior to the 18th December. Applications from the following firms had also been received prior to that date—

(1) the National Tannery Company;

(2) the Bengal Chemical and Pharmaceutical Works, Limited;

(3) the Rajshahi Tannery Company;

Questions and Answers.

(4) the Calcutta Electric Supply Corporation Limited, and

(5) two European firms.

The first three applications are at present under consideration. Facilities have been granted in respect of the fourth application in the ordinary course apart from the recommendations of the Industrial Commission; and they have been refused in the case of the fifth.

(*i*) No.

(*j*) Several companies, both European and Indian, have acquired or are acquiring extensive plots of land in the neighbourhood of Calcutta for starting industrial concerns.

(*k*) The only large European companies to whom help has been given by Government for starting industrial concerns in the neighbourhood of Calcutta are Messrs. Marshall, Sons and Company and Messrs Thornycroft (India), Limited, on their application for the facilities of the Land Acquisition Act.

Cost of revision of pay of certain services

(*a*) Will the Government be pleased to state the extra cost involved in the schemes for the revision of the pay and other emoluments of the officers in the following Imperial Services, so far as Bengal is concerned:—

(*i*) Indian Civil Service,
(*ii*) Indian Police Service,
(*iii*) Indian Medical Service,
(*iv*) Indian Educational Service,
(*v*) Indian Forest Service,
(*vi*) Indian Engineering Service?

(*b*) Are the Government in a position to give an approximate estimate of the additional cost likely to be involved in the near future by revision of the pay and other emoluments of gazetted officers employed in the different Provincial and Subordinate Services in Bengal?

(*c*) Has any estimate been prepared for any revision of pay of the ministerial subordinates employed at the headquarters offices of the Government of Bengal and in the district offices?

(*d*) What class of officers are entitled to house rent allowance under the Calcutta House Allowance Scheme, and what are their maximum and minimum salaries?

LEGISLATIVE BUSINESS.

LIST OF BUSINESS—ITEM No. 3.

THE BENGAL AGRICULTURAL AND SANITARY IMPROVEMENT BILL, 1920.

The Hon'ble Mr. Cumming moved that the Bengal Agricultural and Sanitary Improvement Bill, 1920, be referred to a Select Committee consisting of the Hon'ble Sir Charles Stevenson-Moore, the Hon'ble Mr. O'Malley, the Hon'ble Mr. Roy, the Hon'ble Mr. McAlpin, the Hon'ble Mr. Cowley, the Hon'ble Raja Hrishikesh Laha, the Hon'ble Kumar Shib Shekhereswar Ray, the Hon'ble Khan Sahib Aman Ali, the Hon'ble Mr. Altaf Ali, the Hon'ble Babu Akhil Chandra Datta, the Hon'ble Rai Mahendra Chandra Mitra Bahadur and the mover, with instructions to submit their report in time for its presentation at the July meeting of the Council.

The Hon'ble Rai Mahendra Chandra Mitra Bahadur said:—

"My Lord, I welcome this Bill, but I beg leave to discuss a matter which is a very important one regarding the principle of the Bill for the recovery of costs. I find that in the Bill itself there is no strong indication as to the recovery of costs from tenants, as well as the manner in which the costs are to be recovered. We find in clause 36 (*i*) and (*k*) indications to show that rules are to be framed for that purpose. I beg leave to say that the rules, if framed, are not open to the public for consideration, because the authority is delegated by the legislature to the Executive Government. It is far better that these rules, especially this rule being of a very important nature, should pass through the legislature and the public ought to have a free hand in this matter. I am fully aware of the fact that in the Drainage Act there are certain sections—41 to 44—which give indication as to the manner of the recovery of costs, but we do not find any such provision in this Bill, and the matter is delegated by the legislature to the Executive Government. If rules have been framed already, I submit that these rules ought to be brought before the Select Committee, and the legislature ought to have a voice in this connection. If the rules have not been framed, I submit it is high time that they should be so drafted and brought to the notice of the Select Committee and the legislature. It is highly necessary that it should be provided in the Act. In the Embankment Act we have got an indication as to how the cost will be recovered; in the Drainage Act we have also an indication to that effect. If they are not so indicated in this Bill it would be rather a difficult matter both for landlord and the tenant. My submission, therefore, to the Council is that the authors of the Bill will kindly consider whether it is necessary to do so here or not. If the rules are framed hereafter and given effect to, the public will not have the opportunity to speak in this connection. The principle which I have enunciated may be considered by the Council as well as by the Select Committee and particularly by the authors of the Bill."

The Hon'ble Maulvi Abul Kasem said:—

"My Lord, I take this opportunity of expressing the gratitude of the rural population in general and the agricultural class in particular to the Hon'ble Mr. Cumming and to your Excellency's Government for the introduction of this much needed measure. In this connection I submit for the consideration of the Hon'ble Member in charge and the Select Committee that as has been suggested by the Hon'ble Rai Mahendra Chandra Mitra Bahadur that everything ought not to be left to the rules and that some of the most important things which are to be included in the rules should be with advantage incorporated in the Bill itself. Secondly, I submit that

The Bengal Agricultural and Sanitary Improvement Bill; the Calcutta Rent Bill.

Mr. Cumming; the Maharajadhiraja Bahadur of Burdwan.

there should be some more definite proposals for re-excavation and what is more reclamation and improvement of irrigation tanks. It should be made obligatory on the Collector to pass necessary orders for the same whenever on inquiry he finds that it is necessary in the interest and improvement of agriculture. My Lord, there is one difficulty in this connection, and it is this: some of these irrigation tanks are owned by several owners, and they cannot combine together or agree to re-excavate or to improve or repair them, and the law should provide that if any of these co-owners so wishes he may with legal help be allowed to purchase the whole tank at a reasonable cost to be settled by the Collector or the Revenue authorities so that he may improve the same.

There is another matter to which I wish to draw the attention of this Council and that is about the pasture land. We deeply feel the necessity of pasture land in the rural areas and unless our cattle have got a pasture land they cannot be of much use. It is true that they can be fed with fodder and other things, but a grazing land is more necessary to the cattle than ordinary food. I hope this matter will be taken into consideration when the Bill is considered by the Select Committee.

With these words, my Lord, I beg to support the motion now before the house."

The Hon'ble Mr. Cumming said:—

"My Lord, at this stage the Hon'ble Rai Mahendra Chandra Mitra Bahadur has raised a question of principle, namely, the method according to which recoveries should be made. But after hearing his remarks on the subject, I venture to think that these remarks appertain more properly to a question of procedure. He is under a misapprehension if he thinks that it is proposed that the public should not be consulted at all regarding the rules for the recovery of costs. If he will refer to clause 36, he will see that it is laid down that no rules are to be passed without previous publication, which obviously includes consideration of any opinions which are received after such publication. In any case, I can inform him that there are at present rules in draft, which will be shown to the Select Committee; but, if this Bill is hereafter passed, the rules will be published formally and submitted for public criticism. So much as regards his objection.

As regards the first point raised by the Hon'ble Maulvi Abul Kasem, I can assure him that the question of the re-excavation of tanks will be considered by the Select Committee. As to his other point, the provision of pasture land was not one of the primary objects contemplated in this Bill.

With these remarks, my Lord, I desire again to move that the Bill be referred to a Select Committee."

The motion was then put and agreed to.

THE CALCUTTA RENT BILL, 1920.

The Hon'ble the Maharajadhiraja Bahadur of Burdwan presented the Report of the Select Committee on the Calcutta Rent Bill, 1920.

He said:—

"My Lord, I beg to present the report of the Select Committee on the Calcutta Rent Bill. The report of the committee summarizes the changes made by it in the Bill and although it is perhaps unnecessary for me to

The Calcutta Rent Bill.

The Maharajadhiraja Bahadur of Burdwan,

recapitulate those alterations which are more of form than of substance, I think I should refer to some of the important changes affecting the main principles of the Bill which have been made by the Select Committee. In the first instance, I may point out that the scope of the Bill has been considerably restricted. As introduced in Council it applied to lands let separately for the purpose of business and trade, to lands on which buildings had been erected, to any buildings or part of a building let separately for any purpose whatever and to any land let togther with such a building or part of a building. The Committee thought that this definition was too comprehensive in its scope and that it was unnecessary that it should apply in all the cases which I have just mentioned and which would include such cases as Mills, Factories and Warehouses and even to lands let for say, use as timber yards. The definition of premises has, therefore, in view of this fact, been altered and it now includes only buildings or parts of buildings let for residential, charitable, educational or public purposes or for use as shops and offices together with the land attaching to them and let with them, such as compounds. Stalls for the retail sale of goods in markets where meat, fish, fruits, vegetables, or live-stock are bought and sold have been excluded as it was felt that there would be great practical difficulty in applying standard rent to such stalls of which the rent must depend on the nature of the season and of supply. In my speech when introducing this Bill, I expressed a desire to see hotels brought within the operations of the Bill. I am glad to say that the Committee were unanimously of this view, and the opportunity has been taken to bring within the scope of the Bill rooms in hotels, boarding houses and lodging houses, the occupants of which have, as the members of this Council are aware, been often mercilessly exploited. I hope that a solution of this difficulty has been found by the Select Committee. We have accordingly provided that the tenants or occupants of rooms in hotels, boarding houses and lodging houses who are aggrieved by exorbitant demands may apply to the Controller to fix an inclusive rent or charge. The Controller may then proceed to take into consideration the cost of food, furniture and service as well as the rent or charges paid on the 1st April, 1919, and fix such rent or charge as he may deem just.

The next important change which we have introduced is that the landlord is not to get merely the bare rent he received on the 1st April, 1919, or, where premises were not then let, the bare rent at which they were last let before that date. What we felt was that the Bill if passed into law would be in operation ordinarily for three years and that, therefore, under all the circumstances it was not unreasonable in view of the expenses, high prices of building materials and increased cost of living which landlords have had to bear just as much as other sections of the community that they should be allowed a certain percentage of increase over the old rent. The demand made for this increase, my Lord, in the Select Committee was certainly a very exorbitant one, but I am glad to say that after a good deal of argument we came to the unanimous decision that a 10 per cent. increase as is allowed for in the Bombay Act of 1918 and also in the recent amending English Act of 1919 would not be unreasonable. This is a substantial concession granted to the landlords and I hope that they will be the first to realise and appreciate that fact.

To meet the wishes of some of the members of the Select Committee we have limited the scope of the selection of a Controller. Considering that he will have a very important task allotted to him we trust that the change will commend itself to the public.

When introducing the Bill, I stated that Government whilst anxious to put a curb on the passion for high rents of rapacious landlords was equally anxious to avoid anything which might interfere with the development of Calcutta by new buildings. In order to put this principle into practice we have made important alterations in clauses 9(*a*) and 10. Under clause 9, the payment of premia and bonuses, more commonly known in this country as *salami* has been rigorously barred. But we thought that an exception would not be out of place where premises were going to to be let out on a long lease for the purposes of development by building or

The Calcutta Rent Bill.

The Maharajadhiraja Bahadur of Burdwan.

rebuilding. In such cases we considered that the customary payment of *salami* should not be ruled out of court and we have therefore allowed it. But we have added a safeguard, viz., that the Controller must be satisfied that the premises are *bonâ fide* required for the purposes of building or rebuilding in order to develop the property. Similarly in clause 10, we have allowed the landlord a right of re-entry to his property if he requires it *bonâ fide* for the purposes of building or rebuilding. Some other important changes have also been made in this clause. In order to guard against landlords ousting their tenants on the pretence that they require the houses for their own occupation and then re-letting them to other tenants, it has been provided that the original tenant shall have a right of re-entry if they are re-let to anyone else within six months after he gives up possession. We have further made it clear that it is not intended that the tenant may be evicted on the expiry of his lease if he is willing to pay the standard rent. But the landlord will still have power to get *khas* possession if the tenant abuses his privileges or is a nuisance or annoyance to his neighbours. As a further protection to the tenant who has to deal with a bad landlord we have provided that he may deposit his rent with the Controller if the landlord refuses to accept it. On the other hand we have provided that the large benefits of this clause and its wide power of protection should not be enjoyed by bad tenants who are in arrears with their rent and who do not pay their rent regularly.

I may now turn to clause 15 and to the important sub-clause under which the Controller is given power to fix the rent of houses of which the rent is in his opinion unduly low. The clause as originally drafted was defective as it did not provide for cases in which premises were not let on the 1st April, 1919. This defect has now been remedied. In the clause as originally drafted it was also provided that a standard rent in such cases was not to exceed the highest rent paid for the premises since 1st April, 1914. We have made two exceptions to this general rule. There are cases in which the rent has not been raised at all since 1914, and whilst it is quite right that we should not encourage inconsiderate landlords, we should at the same time afford protection to a generous and considerate landlord of this kind who should not be limited to the bare rent he has been paying, and who should therefore be allowed an increase. The clause, therefore, has been amended so as to provide that where the rent has not been increased by more than 25 per cent. since 1914, the Controller is to have discretion to fix whatever rent he may think fair after considering all the circumstances of the case. It was also pointed out to us that some provision should be made for cases where a low rent is paid in consideration of the payment of a *salami* which as the Council may be aware is not infrequently a form of capitalized rent. It would not be reasonable in such cases to expect the landlord to go on receiving the bare rent without any regard to the amount paid as *salami*. But I may point out that the intervention of the Controller is limited to only those cases in which the rent is in his opinion unduly low.

Certain changes have also been made in the provision of the Bill dealing with the Courts to which landlords and tenants may apply for the redress of their grievances In the first place, we have deleted clause 14 under which a tenant could go to a criminal court for the recovery of over-payment. There are objections to using the criminal courts for this purpose and in any case when the tenant has the right under clause 13 of deducting such over-payment from his rent it seems a little superfluous that he should be allowed to go to the criminal court, not to mention the fact that it would increase litigation which we are anxious to avoid. In clause 18. we have substituted "the President of the Improvement Tribunal" for the "Chief Judge of the Small Cause Court" as the court to which those who are dissatisfied with the decision of the Controller can apply. It is thought that the President of the Tribunal who has an intimate knowledge of the values of property in Calcutta would be a fitting authority for the revision of the Controller's orders and also that this change would expedite the disposal of cases.

The Budget.

Sir Henry Wheeler.

Lastly, I may refer to clause 19 which has been considerably tightened up so as to make it clear that it applies to all premises coming under the Act and also to bring the payment of *salami* within its purview.

My Lord, from the beginning I realised that the report of the Select Committee could not be a unanimous one and it will, therefore, be found that attached to it there are no less than four notes of dissent Three of them are very much in favour of the landlords which I hope will go to prove that whilst Government have made considerable changes in the Select Committee in favour of the landlords yet from their point of view their demands still remain unsatisfied. There is only one note of dissent which is more or less in favour of tenants and although, I am sorry, the Hon'ble Mr. Ashraf Ali Khan Chaudhuri has not stuck to the compromise to which after a great deal of difficulty I was able to get the landlord element in the Select Committee to come to with regard to clause 2(*f*)(*i*) and to which he himself agreed, I am glad, that he has at least had the courage to put forward his views in favour of the tenants. On the whole the Bill as it has now emanated from the hands of the Select Committee is a very fair one both to landlords and tenants and now we must leave it to the good sense of this Council to pass it into law without further radical changes on the day it comes up for final discussion.

The Budget.

BUDGET

OF THE

GOVERNMENT OF BENGAL

FOR

1920-21.

PART I.—General Review by the Finance Member.

GENERAL FINANCIAL SITUATION.

This statement is presented to the Council under rule 33 (*1*) of the Bengal Legislative (Financial Statement) Rules, published with Notification No. 4482 F., dated the 10th December 1912. On the 19th and 22nd of December last, when the departmental budgets were under preparation, the Hon'ble Members of the Finance Committee were invited in an informal meeting to advise Government as to the selection of new schemes for inclusion in the coming year's budget. As required by rule 6 (*1*) of the Bengal Legislative (Financial Statement) Rules, 1912, copies of the Draft Financial Statement were formally presented to the Finance Committee on the 23rd January 1920, and the Committee was asked to advise on the distribution of the " unallotted " expenditure provisionally allowed by the Government of India in passing orders on the first edition of the budget. On the 27th of February 1920, under rule 11 (*1*) of the Rules for the discussion of the Annual Financial Statement, all the Hon'ble Members of this Council were supplied with copies of the Amended Draft Financial Statement, together with copies of the second edition of the Civil Budget Estimates. Again under rule 14 (*1*) of the Bengal Legislative (Financial Statement) Rules, copies of the Revised Financial Statement were supplied to all the Hon'ble Members of this Council on the 12th of March 1920.

This memorandum is divided into two parts. Part I gives a brief review, and Part II more detailed particulars, of the provincial transactions. It is only necessary here to refer to the more important figures.

2. The budget for the current year provided for an opening balance of Rs. 3,70,52,000, but the actual opening balance amounted to Rs. 3,72,00,000, exceeding the estimate by Rs. 1,48,000. The increase in receipts occurred mainly under Income-tax (Rs. 2,01,000), Land Revenue (Rs. 1,76,000), Public Works Department (Rs. 2,74,000), Jails (Rs, 1,77,000), Forests (Rs. 1,44,000), Stamps (Rs. 83,000), Law and Justice—Courts of Law (Rs. 57,000) and Transfers between Imperial and Provincial (Rs. 8,33,000). The increase would have been larger but for the fall in revenue under Scientific and Miscellaneous (Rs. 5,16,000), Miscellaneous (Rs. 3,46,000) Excise (Rs. 1,36,000), and Ports and Pilotage (Rs. 73,000). The expenditure was Rs. 7,96,000 in excess of the revised estimate, due mainly to an

The Budget.

increase under Land Revenue (Rs. 3,03,000), Jails (Rs. 4,46,000), Police (Rs. 1,80,000), Medical (Rs. 2,34,000), Scientific and Miscellaneous (Rs. 3,39,000), and Education (Rs. 1,12,000). The excesses were, however, to some extent counterbalanced by savings under Sanitation (Rs 1,33,000), Agriculture (Rs 1,08,000), Public Works Department (Rs 2,66,000), 43—Minor Works (Rs. 1,22,000), and smaller savings under Stationery and Printing and Miscellaneous The transactions of the year thus showed a surplus of Rs. 4,36,000, against the surplus of Rs. 2,88,000 anticipated in the revised estimate, thereby causing an increase of Rs. 1,48,000 in the opening balance.

3. Turning now to the general financial situation of the province in the current and coming financial years, the following is a summary of the position:—

	Budget estimate, 1919-20	Revised estimate, 1919-20	Budget estimate, 1920-21
	Rs.	Rs.	Rs.
Opening balance	3,70,52,000	3,72,00,000	4,07,07,000
Receipts	7,29,83,000	8,31,25,000	8,39,74,000
Expenditure	7,77,12,000	7,96,18,000	9,03,39,000
Closing balance	3 23,23,000	4,07 07,000	3,43,42,000

Two features presented by these figures are likely to attract attention. In the first place, a very large growth of revenue is noticeable during the current year, in spite of the fact that the districts of Tippera and Bankura suffered from famine, and that a part of East Bengal was swept by a severe cyclone. The causes which have helped to swell the receipts are examined below.

In the second place it will be observed that at the end of the year 1918-19 the closing balance amounted to Rs 3,72,00,000. In spite of the fact that the provincial expenditure has increased during the current year by Rs. 19,06,000 over the budget estimate of the year, the closing balance is expected to reach the high figure of Rs. 4,07,07,000. Under the orders of the Government of India, Local Governments have hitherto been precluded from budgetting for expenditure within the year in excess of the revenues of that year, and even when an overdrawal was allowed, all new expenditure proposals were very carefully scrutinized, and only urgent and unavoidable expenditure permitted, on account of the enforced economy caused by the war. This policy has resulted in a large increase in the balance In view of the cessation of hostilities, however, this Government applied to the Government of India to permit a heavy draft on balances in the ensuing year, and it will be seen that, according to the estimates which are now presented to the Council, an expenditure of no less than Rs. 63,65,000 is proposed in the year 1920-21 in excess of the receipts of that year. The balance at credit of the Presidency will thereby be reduced from Rs. 4,07,07,000 to Rs. 3,43,42,000. The manner in which this extra expenditure is going to be employed is explained later.

The current year's budget provided for an opening balance of Rs 3,70,52,000, a revenue of Rs. 6,98,24,000, and a net transfer from Imperial to Provincial revenues of Rs. 31,59,000, giving a total of Rs. 11,00,35,000. Of this sum it was proposed to spend Rs 7,77,12,000, leaving a closing balance of Rs. 3,23,23,000 The revised estimates show how far these anticipations are likely to be realised in actual working. They are an attempt to forecast the probable receipts and expenditure of the year by adding to the actuals of the first ten months an estimate of the transactions of the remaining period. As the actuals of each successive month become available, the estimates are further revised, and the figures, therefore, are liable to modification up to the time the budget is finally passed So far as can be seen at present, receipts this year will be Rs 1,01,42,000 better than

From the above figures it will be noticed that large increases are anticipated under Stamps, Income-tax, Registration, Jails, Scientific and Miscellaneous Departments, Forests and Law and Justice—Courts of Law, a decrease in transfers between Imperial and Provincial, and a set-back in Excise, Miscellaneous and Minor Works and Navigation. The largest increase occurs under Income-tax. The framing of estimates under this head under present conditions is a matter of the greatest difficulty, not only because of the introduction of different rates of taxation, but also in consequence of the varied effects on profits of the revival of trade and industry generally since the cessation of hostilities. Last year the profits of the jute industry were satisfactory, while there was increased prosperity in certain mercantile trades. On the other hand the cotton piece-goods trade suffered, while the loss of revenue on account of the exemption from assessment of all incomes below Rs. 2,000 per annum, and the rebate of income-tax payable in respect of the amount paid as excess profits duty, had to be allowed for. In view of these facts a decrease of Rs. 21¼ lakhs from the revised estimate for 1918-19 was anticipated, and the budget estimate for the current year was fixed at Rs. 88,75,000. The first nine months' actuals, however, indicate that this forecast was an under-estimate, and that the trade prosperity and industrial development in Calcutta was much above expectation. The revised estimate for the current year has, therefore, been fixed at Rs. 1,55,00,000. This also takes into account the large arrear collections this year on account of assessments for 1918-19.

The high prices of food-stuffs which have led to increased litigation, continued industrial and trade prosperity in Calcutta, and activity in the piece-goods market and, in fact, in business generally, have contributed to the very large increase under the head Stamps.

The considerable rise under Registration is mainly due to the abnormal increase in the value of house property in Calcutta and also to the high price of foodstuffs, which leads to more borrowing. The cyclone in East Bengal is another factor which has caused an increase under this head.

The Budget.

The work of the office of the Administrator General and Official Trustee has increased more rapidly than was expected; the result has been an increase in fees and commissions, which are credited under the head Law and Justice—Courts of Law. The Forest Department has undertaken departmental operations on a more extensive scale than was contemplated when the budget was framed. This accounts for the increase under the head Forests, which is, however, counterbalanced to a certain extent by an increase of over Rs. 1½ lakhs on the expenditure side. The high prices obtaining for articles of jail manufacture and a large demand for quinine have contributed most to the increase in revenue under Jails. On the other hand, there has been a still larger increase, from Rs. 30,04,000 to Rs. 41,00,000, on the expenditure side under Jails. The sale proceeds of quinine are shared equally between the Jails and Scientific and Miscellaneous Departments, under which head there is a corresponding increase. This unexpected demand for quinine was mainly from the Military authorities for the Frontier Campaign. The original estimate provided for an assignment of Rs. 19,75,000, payable by the Government of India as compensation to this Government on account of the loss of income-tax, at the rate of 6 pies for the rupee, on the sum of Rs. 6,25,00,000 estimated as the excess profits tax this year. As this Government, however, is entitled to compensation at the rate of only 2½ pies for the rupee on Rs. 6,25,00,000, the assignment has been reduced to Rs. 8,13,000 in the revised estimate. The reduction in the revised estimate under transfers between Imperial and Provincial revenues, is partly due to the abovementioned cause, and partly to a provision of Rs. 1,22,000 as the share, payable by this Government to the Government of Bihar and Orissa, of the cost of the maintenance of the European lunatics sent from this Presidency to the Ranchi Lunatic Asylum. The fall would have been larger but for some additional grants given by the Government of India, of which the following are the most important:—

	Rs.

Grant to Sir J. C. Bose for scientific research ...	1,00,000
Grant for agricultural education ...	75,000
Grant for anti-malarial schemes ...	97,000

The fall in revenue under Excise is mainly due to the measures adopted by Government to check consumption and to a fall in revenue under the head "Liquors and spirits made in India after European methods," owing to larger imports of foreign liquor. Owing to a decrease in the tonnage of goods transported through the Madaripur Bil Canal and the Calcutta and Eastern Canals, there has been a decrease of revenue under Minor Works and Navigation, and the revenue under the head Unclaimed Deposits, which is of a very fluctuating nature, having been below expectation, there has been a fall under the head Miscellaneous.

On the expenditure side, against the budget estimate of Rs. 7,77,12,000, the revised estimate stands at Rs. 7,96,18,000, showing a net anticipated excess of Rs. 19,06,000. Since the budget estimate for the current year was passed, the Government of India have sanctioned the following additional grants which are available for expenditure:—

	Rs.
Grant for the purchase of a dredger by the Port Commissioners of Chittagong ...	8,00,000
For payment of a grant to Sir J. C. Bose for his Research Institute ...	1 00,000
For agricultural education ...	75,000
For development of evening classes in mining centres	10,000
Drawal from balance to meet the cost of land acquisition for a medical students' hostel in Calcutta	4,30,000

The Budget.

This partly accounts for the excess enumerated above, while other contributory causes are detailed below. The statement below gives particulars of the more important heads:—

Under the head 21—Ports and Pilotage, it will be observed that an excess expenditure of Rs. 12,03,000 is expected during the current year. The main reasons for this increased expenditure are the grant of Rs 8 lakhs by the Government of India to the Port Commissioners of Chittagong for the purchase of a dredger this year, and the transfer to this head of the addition of Rs. 3,25,000 made by the Government of India to the head "45—Civil Works, Civil," as an Imperial grant for the improvement of the port of Chittagong This transfer accounts mainly for the saving under the head "45—Civil Works, Civil."

Dietary charges in particular and charges for the maintenance, clothing, bedding and medical treatment of prisoners have risen considerably since last year, and this fact accounts mainly for the increase under Jails. Owing to the large demand for jail manufactured articles there has also been increased expenditure in the purchase of raw materials. The large increase noticeable under Police is partly due to an unforseen expenditure of

The Budget.

over a lakh in the repairs of buildings damaged by the cyclone of September last and to the abnormal rise in the prices of cloth and food-stuffs, which have caused a very great increase in expenditure in the supply of uniform and rations to the force. Owing to an abnormal rise in the prices of food-stuffs, medical stores and medical requisites, and to an increase in the number of patients, the sanctioned estimate of the Medical Department is also likely to be exceeded by about Rs. 3,31,000 this year. The increased expenditure under Law and Justice—Courts of Law, is mainly due to the opening of additional courts in several districts and the consequent appointment of additional District and Subordinate Judges and Munsifs to cope with the increase of work, which has also necessitated the appointment of additional establishment and increased contingent expenditure. The excess expenditure under Superannuation Allowances, etc., is due to an increase in pensionary charges. Departmental operations on a larger scale than was contemplated when the budget was framed have also been undertaken by the Forest Department, which accounts for the increase in Forests. As has already been explained, this outlay will be productive of revenue. The great increase in the work of the Registration Department has necessitated the employment of larger temporary establishment and increased expenditure under contingencies. The smaller excesses under Land Revenue, Excise, General Administration and Stationery and Printing, are generally due to the rise in prices of all articles of stationery, rise in the rates of postal and telegram charges and to the general increase in the volume of work. Against these excesses, however, savings occur under Education, Sanitation, Miscellaneous, Minor Works and Navigation, and Civil Works—Public Works Department.

The savings under Education are mainly due to the non-utilization of the provisions for the Dacca University scheme and for the scheme for the training of *gurus*, the sanction of the Government of India not having been received in time to admit of full expenditure being incurred. Those under 45—Civil Works—Public Works Department are due to the inability of the Department to spend the budget grant in full. Owing to some of the schemes of the Department of Industries not having matured in time, savings are expected under the head Scientific and Miscellaneous Departments. The savings noticeable under Sanitation and Miscellaneous are more apparent than real. The savings under the former head are chiefly due to the transfer of provision to Irrigation for anti-malarial works, and also to a certain extent to the non-utilization in full of the lump provision for Sanitation. It has been the practice to include under the head Miscellaneous, a reserve of Rs. 2 lakhs to meet expenditure under any head of account for which money may be immediately necessary. As the local Government is precluded from drawing on its balances without sanction, it is essential that there should be some money in reserve, for though lapses do generally occur under many heads of expenditure, these savings seldom become available until late in the year, and in the meantime some provision must be at hand to meet urgent and unforeseen demands. All appropriation out of this reserve, as well as all sanctions accorded by His Excellency the Governor from the petty grants allotment and the adjustments of expenditure on grain compensation allowance, appear under the appropriate major heads; this accounts mainly for the savings under the head Miscellaneous. Owing to the paucity of superior officers, works in connection with the improvement of waterways and drainage projects, for which provision was made in the current year's budget, are not likely to be undertaken, which accounts mainly for the large savings under Minor Works and Navigation.

4. In consequence of these changes in the figures of receipts and expenditure, the estimated closing balance of the year, which is the starting point of the budget for 1920-21 has been taken at Rs. 4,07,07,000, or Rs. 83,84,000 better than the budget. Of the closing balance Rs. 20 lakhs represents the prescribed minimum closing balance of the province, which must be kept intact, while Rs. 2,03,51,000 represents the unspent balances of Imperial recurring grants, or grants which are earmarked for specific purposes, as

detailed below. The free provincial balance, therefore, amounts to Rs. 1,83,56,000:—

Beyond the explanations given in Part II of this memorandum, few of these figures call for explanation.

The income for the year 1920-21 is estimated to amount to Rs. 8,39,74,000, which is only Rs. 8,49,000 better than the revised estimate for the current year. Conditions are still unsettled and the immediate future

The Budget.

rather uncertain. Difficulty is, therefore, still being experienced in adjusting the revenues with reference to past years or to pre-war times. It is anticipated, however, that the improvement in the revenue under Stamps, Forests, and Ports and Pilotage will be maintained, while a large increase is expected under Income-tax. During the war there were considerable fluctuations of revenue under Excise, but on the figures from 1912-13 to 1918-19 there has been an average growth of about Rs. 6½ lakhs a year. On the assumption that 1920-21 will be a prosperous year, an additional revenue of Rs. 6 lakhs over the revised estimate for the current year is anticipated.

As an offset against this, a fall of receipts under Scientific and Miscellaneous Departments is probable on account of a smaller demand for quinine. The receipts from Jail Manufactures will also be affected by this and by the likely decrease in the demand next year for articles manufactured in the jails. The revenue under Registration this year has been high, owing to the prices of foodstuffs, the scarcity in some parts of the Presidency and the distress caused by the cyclone in Eastern Bengal. The two latter conditions, at least, are not expected to recur next year, and the revised estimate has been repeated in the expectation of only the normal increase. A very large decrease is shown under the head Transfers between Imperial and Provincial Revenues. This is due to the fact that it is not expected that the special grants will be repeated next year, and also to the necessity of paying a much larger sum to the Government of India as their share of Income-tax receipts.

For the next year a total expenditure of Rs. 9,03,39,000 has been provided, which is higher by Rs. 1,26,27,000 and Rs. 1,07,21,000 than the current year's budget and revised estimates respectively. Details by chief major heads are given in the following table:—

The Budget.

6. In framing the estimates of expenditure the Governor in Council has made provision for all the recommendations of the Public Services Commission in respect of the pay and prospects of the different services, orders on which are expected to be received in the course of the year. This accounts for the greater part of the increase under Land Revenue, under which head a provision of Rs. 2,50,000 has also been made for carrying on the scheme of Circle Officers appointed under the Village Self-Government Act, for which an initial provision of Rs. 1,25,000 was made in the current year's budget. A sum of Rs. 2,50,000 has been provided for the resumption of land in connection with the scheme for developing Kalimpong as a hill station. There is a considerable increase under Forests. During the war expenditure was rigorously cut down and the development of the forests was thus greatly retarded. To make up this lost ground, considerable expenditure is now necessary, much of which will repay itself. An increased provision of Rs. 65,000 has, therefore, been made for Communications and Buildings and of Rs. 1,18,000 for Improvement and Extensions. A sum of Rs. 50,000 has also been provided for the reorganization of the Subordinate Forest Service, and Rs. 36,000 for the compilation of working plans for the forests in Chittagong and the Chittagong Hill Tracts. Under Registration, provision has been made to give effect to the reorganization of the Registration Department, and for the revision of the strength and pay of the ministerial staff. The local Government has been pressed to give effect to these necessary reforms, which have been delayed only on account of financial stringency. Under General Administration, to replace the present old and uncomfortable saloon, a provision of Rs. 61,767 has been made for the construction of a new metre gauge bogie saloon for the use of His Excellency, and a further provision of Rs. 23 288 has been added to improve the pay and prospects of the lower grade assistants of the Civil Secretariat and to reorganize the establishment of the Board of Revenue. The Secretary of State has sanctioned the retention of the additional Judge for the High Court till a vacancy occurs among non-Civilian judges. A provision of Rs 52,788 has been made on this account, and of Rs. 2,50,000 for revising the pay of Subordinate Judges and Munsifs in accordance with the proposals of the Public Services Commission.

The budget provision under Jails follows the revised estimate, but a provision of Rs. 50,000 has been made for the revision of the pay of jailors. Under the head of Police provision has had to be made for the Public Vehicles Department, Calcutta, for extra establishment for the licensing of arms under the new Arms Act, for extra motor launches for river traffic, for a considerable additional cost in supplying first kit and for strengthening the cadre of sub-inspectors to replace probationers under practical training. There has also been an increase under Salaries, due to the reversion of officers from military duty and to an increase of force through better recruitment. As the Calcutta Alms-house is being removed from its present site. it has been decided to help the District Charitable Society financially in order to enable them to acquire a site in the suburbs of Calcutta and to construct a new alms-house there. A provision of Rs. 5 lakhs has accordingly been made for this purpose. These items account for the Rs. 14 lakhs by which the budget provision exceeds the figure in the current year's budget. Under Ports and Pilotage provision has been made for the payment of a fee of Rs. 90,000 to Sir Bradford Leslie and Mr. Basil Mott in connection with the design of the new Howrah Bridge. A sum of Rs. 49,000 has also been provided for the payment of wages to lascars taken prisoner by the Germans from British ships, and Rs. 20,000 on account of the recommendations of the Public Services Commission. The large decrease, however, under this head, is mainly due to the omission of any provision for the Port of Chittagong, the control of which is being transferred to the Railway Board. The budget provision under Education shows an increase of about Rs. 23½ lakhs over the current year's figure. It is expected that considerable progress will be made next year in connection with the scheme for a University at Dacca. A sum of Rs. 3,76,000 has been provided to give effect to the recommendations of the Public Services Commission. Of the other schemes which the Education Department proposes to undertake next year, the most important are Rs. 4 00,000 for primary education in and outside Calcutta, Rs. 6 lakhs for the

The Budget.

acquisition of a site for the establishment of a Technical Institute in Calcutta, Rs. 1,08,000 for the imparting of manual instruction in schools and for the opening of manual training classes, and Rs. 81,000 for the improvement of Muhammadan education in madrasahs. It may be mentioned that a sum of Rs. 2 lakhs also has been provided in the Public Works Department budget for the construction of buildings for the Technical Institute. The Governor in Council hopes to carry out several important Medical schemes in 1920-21. The Mitford Hospital in Dacca has been greatly improved and is now to be taken over by Government. A sum of Rs. 70,000 has been provided in the budget for this. The Belgachia Medical Institute in Calcutta has received temporary affiliation up to the M.B. standard from the University of Calcutta, which has intimated, however, that permanent affiliation would not be granted unless and until certain improvements are made. These improvements are estimated to cost Rs. 6,17,000. Of this sum the Governor in Council has agreed to contribute Rs. 4,00,000, provided the balance is raised privately. A provision has been made in the budget on this account. A sum of Rs. 1,33,000 has also been provided for the revision of pay in accordance with the proposals of the Public Services Commission, and Rs. 50,000 for the revision of pay of Sub-Assistant Surgeons.

Among Sanitation projects is a proposal to establish four laboratories in different parts of the Presidency for the analysis of water and food. Provision has been made in the budget for one such laboratory at Dacca. The opening of the Panama Canal and the outbreak of yellow fever in Africa has brought the danger of infection much nearer. To guard against this, anti-stegomiya measures are to be taken at the ports of Calcutta and Chittagong. A sum of Rs. 20,000 has been set aside for this, and Rs. 30,000 for child-welfare work. Besides provision for the above mentioned schemes, a sum of Rs. 18,75,000 has also been allotted for carrying out various schemes of Sanitary improvements the details of which are shown in Part II of this memorandum.

Agricultural development also has not been neglected. In continuance of the scheme for the distribution of improved paddy and jute seed it is proposed to establish four new district agricultural farms, at a cost of Rs. 1,10,000. A sum of Rs. 62,788 has also been provided for a sericultural nursery at Bholahat, in the district of Malda. The measures taken for improving the paddy and jute crops in Eastern Bengal having met with remarkable success, an Economic Botanist is now wanted to take up the same work in Western Bengal. Provision for this officer has been made in the budget. The increase in the number of co-operative societies naturally necessitates an increase in the supervising staff. Provision has, therefore, been made for a Deputy Registrar and additional auditors and inspectors for whom a sum has been provided. The full programme of the new Department of Industries will entail an expenditure of Rs. 16 lakhs. Only part of this programme is expected to be carried out in 1920-21, however, and Rs. 4 lakhs have been provided for this purpose under Scientific and Miscellaneous Departments. Under the same head a sum of Rs. 40,000 has been entered as a contribution towards the construction of a floating emigration hospital at Goalundo, and Rs. 20,000 to give effect to the recommendations of the Public Services Commission. The number of factories is increasing so rapidly, especially in the neighbourhood of Calcutta, that it has been found necessary to provide for the appointment of two additional inspectors of factories.

The provision under head 32—Miscellaneous shows an increase of over Rs. 18½ lakhs above the figure in the current year's revised estimate. This is accounted for by a provision of Rs. 10 lakhs for increasing the pay of menials, Rs. 1 lakh for War Allowance, Rs. 2 lakhs for revising the contract contingent grant, Rs. 25,000 for the maintenance of *détenus*, provision for which formerly was made under 25—Political, and Rs. 1,50,000 to meet the initial expenditure that may be involved in the introduction of the Reforms Scheme. In pursuance of the policy already initiated, provision has been made for drainage schemes in connection with the malaria problem, such as

The Budget.

the Amirabad, Pichaboni and Bulee Bil drainage projects, for mitigating the effects of floods, and for the reconstruction of the Kidderpore Bridge. A sum of Rs. 7,00,000 has also been provided for the widening of the Madaripur Bil route, Rs. 2,00,000 for replacing two bridges over the Circular Canal, and Rs. 85,000 for the construction of buildings for the establishment of a new waterways divisions at Khulna. In the Civil Works budget, there is provision to the extent of Rs. 35,17,000 for new works, including Minor Works, details of which are given in Part II of the memorandum, while the usual necessary allotment has been made for works in progress, repairs and establishment. Owing to a large number of new works having been undertaken lately, the allotment for works in progress is considerably higher than in previous years and includes provision for the works in connection with the partition of the districts of Midnapore and Mymensingh. For the supervision of the very large outlay on buildings and communications, the strengthening of the superior staff is absolutely necessary, and as the Government of India is being moved in the matter, increased provision has been made under Establishment.

The closing balance has been placed at Rs. 3,43,42,000 Of this Rs. 20 lakhs represents the prescribed minimum closing balance of the province, which must be kept intact, while Rs. 1,69,32,000 represents the unspent balances of Imperial recurring and non-recurring grants or sums which are earmarked for specific purposes, as detailed below. The free provincial balance, therefore, amounts to Rs. 1,54,10,000:—

Following the revised estimate for 1918-19, the budget estimate for 1919-20 was fixed at Rs. 1,66,21,000. The collections in 1918-19, however, actually amounted to Rs. 1,67,97,277, and considering the first nine months actuals of the current year, the revised estimate for this year has been fixed at Rs. 1,66,80,000. The increase is mainly under the head, "Ordinary revenue—fixed collections" due to better collections.

On the assumption that agricultural conditions next year will be good, the estimate for the year 1920-21 has been fixed at Rs. 1,66,69,000.

EXPENDITURE.

The budget estimate for 1919-20 was fixed at Rs. 38,14,000 against the actuals of Rs. 38,21,266 in 1918-19, but considering the actuals of the first nine months of the current year, the revised estimate for this year has been fixed at Rs. 38,50,000. There has been a large increase under the head "Charges of district administration." This is partly due to the payment of grain compensation allowance and war allowance to menials, for which no allowance was made in the original estimate under this head, and partly to an increase in expenditure under travelling allowance and contingencies. The increase would have been larger but for the savings under the head "Survey and settlement," consequent on the non-utilization in full of the provision for the purpose. Page 23. Pages 29 to 34. Page 28.

The budget estimate for the coming year is higher by Rs. 12,45,000 than the revised estimate for the current year. The increase is shared by all the minor heads, except the head "Charges of land revenue collections."

Survey and settlement.—The budget estimate for the ensuing year includes a provision of Rs. 2,96,046 for payment to the Government of India in final adjustment of the accounts of the Bakarganj settlement. The cost of district survey and settlement operations is advanced from Imperial revenues, and three-fourths of the cost are recovered from the landlords and tenants. In areas, however, in which there has been a settlement of the land revenue, the local Government has to pay to the Government of India the three-fourths share of the cost, as in such areas the cost cannot be recovered from the landlords and tenants. The provision made is in final adjustment of the cost on this account in Bakarganj. The budget estimate also includes Rs. 68,000 for the land revenue settlements of estates in the Darjeeling district and Rs. 42,000 for 36 estates in Bakarganj and 65 estates in Faridpur, most of which could not be taken up earlier owing to the war. Pages 23 to 28.

Charges of district administration.—A provision of Rs. 1,25,000 was made in the current year's estimate as a first instalment of the expenditure to be incurred on circle officers appointed in anticipation of the hoped for development of village self-government. In furtherance of the same policy a sum of Rs. 2,50,000 has been provided in the coming year's estimate, which also includes a provision of Rs. 10,53,000, to give effect to the recommendations of the Public Services Commission for the improvement of the pay and prospects of the Indian Civil Service and Provincial Civil Service officers. Pages 29 to 34.

Management of Government estates.—Besides the usual provision of Rs. 50,000 for improvements, the next year's estimate includes a sum of Rs 1,07,000 for the colonization of the Sundarbans in pursuance of the scheme for the settlement of waste lands under the raiyatwari system, and Rs. 2,50,000 for the completion of the resumption of lands in connection with the development of Kalimpong as a hill station. Page 35

The Budget.

Page 36.

Land Records.—In the districts where settlement operations have been completed, the land registration registers have to be rewritten on the basis of the records of rights. The increased provision in the estimate for 1920-21, as compared with the sanctioned estimate for the current year, is mainly for this work.

REVENUE.

Pages 7 and 8.

The receipts represent the share, credited to this major head, of the sale-proceeds of the unified postal and revenue stamps, the sale-proceeds of bills of exchange and other general stamps, the duty on embossing receipt, cheque and other stamps, the duty levied under the Indian Stamp Act, 1899, on documents brought for adjudication and on documents unstamped or insufficiently stamped, and fines and penalties levied by Judicial and Revenue officers under the Stamp Act on insufficiently stamped instruments. The revenue from the unified postal and revenue stamps is credited to the Imperial head "Post Office." Out of this revenue, a sum of Rs. 4,99,000 is credited under the sub-head "Sales of general stamps," as the Civil Department share of the sale-proceeds of those stamps.

In view of the industrial development and revival of trade after the cessation of hostilities, an improvement in stamp revenue was expected when the budget was framed last year. The estimate for 1919-20, therefore, allowed for an improvement of Rs. 7 lakhs (Provincial share Rs. 3½ lakhs) over the revised estimate for 1918-19.

The progress of actuals so far, however, indicates that the current year's forecast was an underestimate and that the revenue under this head will much exceed anticipations. The revised estimate on the basis of recent actuals, has, therefore, been fixed at Rs. 3,00,00,000, half of which, Rs. 1,50,00,000, is Provincial. This great increase in revenue is attributable to the rapidly increasing commercial and industrial prosperity, especially in Calcutta, and to the high price of food-stuffs, which has led to increased litigation. Since 1912-13 the growth of revenue under this head has been at an average rate of a little over Rs. 7 lakhs a year, but in view of the very large increase in receipts anticipated this year, it will not be safe to count on a further rapid increase next year. Assuming, therefore, that trade prosperity and industrial development will continue, but allowing for an average crop next year, which, it is hoped, will bring down the prices of food-stuffs, the estimate for 1920-21 has been fixed at Rs 3,10,00,000. This allows for a growth of revenue of Rs. 10 lakhs over that of the current year's revised estimate.

The Provincial share is one-half, and amounts to Rs. 1,55,00,000.

EXPENDITURE.

The estimate for 1919-20 was Rs. 6,83,000, but this has been raised to Rs. 7,90,000 in the revised estimate for the current year, and the estimate for 1920-21 allows for a further increase of Rs. 47,000 over the revised estimate. The increase is mainly under the heads, "Charges for the sale of general stamps" and "Stamp and plain paper supplied from Central Stores." The charges for the sale of stamps and the cost of paper supplied, naturally vary with the receipts, and as an abnormal increase in revenue is expected, increased provision for expenditure has been allowed for. Page 39.

The charges of this department are divided equally between Imperial and Provincial, and the Provincial shares amount to Rs. 3,95,000 in the revised estimate for 1919-20 and to Rs. 4,19,000 in the budget estimate for 1920-21.

REVENUE.

In view of the actuals of the first nine months, against the sanctioned estimate of Rs. 1,60,00,000 for 1918-19, the revised estimate for that year was fixed at Rs. 1,78,000, and on the assumption that with the cessation of hostilities there would be a further increase in the consumption of excisable Page 8.

The Budget.

articles, the estimate for 1919-20 was placed at Rs. 1,87,00,000. The actual collections in 1918-19, however, only amounted to Rs. 1,76,63, 711, while the progress of actuals so far this year shows that the original estimate for 1919-20 also is not likely to be realised; the revised estimate has, therefore, been fixed at Rs. 1,81,00,000. The fall in revenue is mainly under the head, "Liquors and spirits made in India after European methods," owing to imported foreign liquor being now increasingly available, and also under "Country spirit—Distillery license fees and *pachwai* revenue," due to a fall in consumption, as a result of the measures adopted by Government to check consumption. On the assumption that the commercial and industrial development of the province will cause an increase in the consumption of excisable articles, and that the extension to more districts next year of the restrictive measures of fixed prices and the monthly adjustment of license fees, will tend to increase the license fee and duty receipts, the budget estimate for the coming year has been fixed at Rs. 1,87,00,000.

The total expenditure for 1919-20 was originally estimated at Rs. 11,37,000, but in view of the actuals of the first nine months, the revised estimate for the current year has been fixed at Rs. 11,69,000. The largest increase occurs under the minor head, "Presidency Establishment," and is mainly due to increase under "Salaries," owing to the present Collector being a first grade Magistrate, whereas the original estimate provided for a second grade officer, and under establishment, consequent on an increase in work. There has also been an increase in expenditure under the head "Supplies and services," due to larger payments of rewards. The estimate for the coming year has been put at Rs. 11,85,000. Besides allowing larger provisions for travelling allowance, rewards and clothing, based on recent actuals, the estimate includes Rs. 12,420 for the entertainment of additional establishment at Asansol to allow of the introduction of the fixed fee system of licensing *pachwai* shops, Rs. 5,676 for the entertainment of a special preventive staff to deal with smuggling by rail and river, Rs. 4,925 for the employment of an excise staff to supervise the salt factory at Contai, and Rs. 2,640 for an excise staff to supervise the wine manufactory at the Alliance distillery.

REVENUE.

Since the surrender of the Public Works cess to District Boards this head of revenue is now practically confined to the general rates which are levied from Wards' estates to cover approximately the cost of management (including supervision charges and contributions for pension and leave allowances) of the staff employed. The variations in the receipts from year to year are due to old estates being released from management by the Court of Wards and new ones being taken up. Page 9.

As some of the big estates, viz., the Nayabasan estate in Midnapore, the Churaman estate in Dinajpur, and the Gobardanga, Tagore and Janbazar No. 1 estates in the 24-Parganas are likely to pass out of the management of the Court of Wards, and as the rates in some cases have been reduced by ½ per cent., the estimate for 1920-21 has been fixed at Rs. 1,10,000.

* This head is not open to discussion.

REVENUE.

As income-tax is assessed on the income of the previous year, a favourable consideration was the large profits made in the jute industry and the increased prosperity in certain mercantile trades, last year; on the other side were the dull state of the cotton piece-goods trade in 1918-19, the exemption of all incomes below Rs. 2,000 per annum from assessment to income-tax with effect from the 1st April 1919, and the rebate for the purpose of the income-tax in respect of the amounts paid as excess profits duty; balancing these factors the budget estimate for 1919-20 was fixed at Rs. 88,75,000. The first nine months' actuals of the current year indicate that the estimate was an under-estimate, and therefore, on the basis of recent actuals, and taking into account the fact that a demand of Rs. 19,00,000 has issued only this year on account of 1918-19 assessments, which it is hoped to realise, the revised estimate has been placed at Rs. 1,55,00,000. Estimating Rs. 19,50,000 as the additional Page 10.

amount which would be realised as income-tax, if the excess profits tax is abolished from next year, and allowing for a further growth of revenue over the revised estimate for the current year, on the assumption of the continuance of industrial and commercial prosperity, the budget estimate for the ensuing year has been fixed at Rs. 2,00,00,000.

With effect from the 1st of April 1916, the Government of India imposed additional taxation, and that part of the increase which depends on the increased rates is made over to the Government of India by means of an assignment under the transfer heads in accordance with their decision to appropriate the whole of the extra receipts from the new rates to the needs of the Imperial Exchequer. After this item is excluded, the revenue from income-tax is shared equally between Imperial and Provincial · No part of the super-tax on incomes imposed under Act VIII of 1917 or of the duty on excess profits is included under this divided head, as these are wholly Imperial.

The variations between the sanctioned and revised estimates for the current year are small and call for no remarks. Against the sanctioned estimate of Rs. 2,12,000 for the current year, the next year's estimate has been placed at Rs. 2,27,000. The increased provision is mainly under allowances based on recent actuals and under establishment to allow for the grant of increments of salaries. The budget estimate also includes Rs. 6,660 for additional establishment in the office of the Collector of Income-tax to cope with the increased work in connection with the new Income-Tax Act VII of 1918.

The Provincial share of expenditure is one-half, and amounts to Rs. 1,09,000 and Rs. 1,14,000, respectively.

REVENUE.

On the assumption that, with the cessation of hostilities, the demand for timber and sleepers for military purpose would cease, but that there would be larger demands for all kinds of raw materials from consumers and purchasers, the estimate for this year was placed at Rs. 16,30,000. Recent actuals show, that the expectations under the head, "Timber and other produce removed from the forests by consumers or purchasers," will be almost realised. Since the budget was framed, however, the Forest Department have undertaken departmental operations, for which the corresponding expenditure head provides for a larger expenditure of Rs. 1,27,000. This outlay, it is expected, will yield this year an additional revenue of over three lakhs, which mainly accounts for the increase in the revised as compared with the sanctioned estimate for the current year. Page 11

As it is proposed to carry on departmental operations on a more extensive scale next year, and as it is hoped also that the demand for raw materials from consumers and purchasers will continue, the estimate for 1920-21 has been fixed at Rs. 20,00,000.

EXPENDITURE.

The sanctioned budget for the current year is Rs. 7,66,000 and the revised estimate has been taken at Rs. 9,30,000. The bulk of the increase in the revised estimate as compared with the sanctioned estimate for the current year, occurs under the head "Conservancy and works," and is due to the additional provisions sanctioned to enable the department to undertake direct operations, which, as already explained, it is expected, will yield an additional revenue of over three lakhs this year. The small increase under the head "Establishment," is chiefly due to the recent revision of the pay of officers of the Imperial Forest Service, and to larger expenditure under Travelling allowance and contingencies due to the more extensive undertakings of the department. Pages 49 and 50.

Owing to the enforced economy during the period of the war, expenditure on communication and buildings and on the organisation, improvement and extension of forests, on which increase of revenue depends, was kept at a minimum. To make up the leeway to some extent a provision of Rs. 3,67,000, against a budget provision of Rs. 1,49,000 in the current year, has been made in the ensuing year's estimate. Besides providing a sum of Rs. 30,600 for the revision of salaries of the Imperial Forest Service officers for the whole of the next year, the estimate for 1920-21 includes Rs. 50,000 for the reorganisation of the Subordinate Forest Service, Rs. 30,000 for the recruitment of five officers for temporary service in the Forest Department pending the recruitment of Imperial officers to fill the increased cadre of the department. Rs. 36,100 for the compilation of working plans for Chittagong and the Chittagong Hill Tracts, Rs. 18,000 for the splitting up of the Chittagong Forest Division into Chittagong and Cox's Bazar Divisions, Rs. 39,000 for the purchase of barbed-wire and sheep netting for the Kurseong, Jalpaiguri and Buxa Divisions, Rs. 10,000 for the construction of the attached Imperial officers quarters at Rajabhatkhawa, and Rs. 3,000 for the appointment of an extra Assistant Conservator of Forests.

Following the revised estimate for 1918-19, the estimate for 1919-20 was fixed at Rs. 19,00,000. Owing to the high prices of staple foods and, in fact, of all necessaries of life prevailing at present, to the scarcity in certain districts and to the devastation caused by the recent cyclone in Eastern Bengal, there has been a large increase in the registration of documents. In consideration, therefore, of the actuals of the first nine months the revised estimate for this year has been fixed at Rs. 27,00,000. The budget estimate for the ensuing year follows the revised estimate for the current year.

The minor head "Superintendence" comprises charges on account of the Inspector-General of Registration, his office establishment and contingencies, while "District Charges" represent the salaries of District Registrars and Sub-Registrars and their establishment and contingent charges. The increase in the revised estimate as compared with the sanctioned estimate for the current year is mainly due to larger expenditure on temporary establishment to cope with the very large increase in the work of the department, and also to slightly increased expenditure under contingencies.

The budget estimate for the ensuing year is higher by Rs. 1,68,000 than the sanctioned estimate for the current year. The increase is chiefly due to a provision of Rs. 90,339 to give full effect to the scheme for the revision of the strength and pay of the ministerial establishment of the district headquarters and rural registration offices, which has been partially introduced this year, Rs. 42,300 for the revision of the cadre of the Sub-Registrars with a view to secure an even flow of promotion throughout the four grades into which the Sub-Registrars are distributed at present, Rs. 4,800 for the extension of the scheme for District Registrars on the lines of the Madras system to four more districts next year, Rs. 2,160 for raising the pay of probationers, and Rs. 2,400 for the appointment of a Special Inspector of Muhammadan

The amounts shown above represent the debits to Provincial funds of the expenditure under refunds in proportion to the Provincial shares of the revenues under the respective heads in connection with which refunds are made. The charges under the head are of a fluctuating character and are not subject to any departmental control. As there has been an abnormal growth of revenue under "Stamps," the expenditure under "Stamps refunds" has correspondingly increased, which accounts for the large increase under this head in the revised estimate for the current year as compared with the sanctioned estimate for 1919-20. The large increase in the revised estimate under Income-tax is mainly due to refunds, by way of adjustment under section 19 of the Income Tax Act. The budget estimate for 1920-21 generally follows the revised estimate for the current year, with the exception that it makes allowances for an increase in stamp refunds to correspond with a further growth in stamp revenue, and does not provide for any large refunds under Income-tax as it is proposed, for the sake of the convenience of the assessees, to adjust from the next year, the amounts payable by way of refunds under section 19, as a set-off against the amount due on assessment under section 18.

The revenue under this major head represents mainly the interest received by the local Government on advances and loans made from the Provincial advance and loan account. This account, the capital transactions of which are outside the budget figures, provides for the grant of loans to agriculturists, local bodies, etc. The monies required for the loans are furnished by the Government of India. The local Government pay interest thereon and bear losses due to bad debts. In order to cover risks and cost of management, the local Government charge a higher rate of interest than that which they have to pay to the Imperial Government. The revenue under this head also includes interest on Government securities belonging to institutions taken over by Government along with the endowments for the upkeep of such institutions, and also interest on advances to ex-students of weaving institutions. In spite of the enhancements, which are noticed below, of the rates of interest charged by the Government of India to this Government, no change has at present been made in the rate charged by this Government for loans to agriculturists. The rate of interest charged on loans to local bodies made after the enhanced rates came into force has, however, been raised to 6 per cent.

The estimate of loans, as submitted to the Government of India, provides for a return in the way of interest during 1920-21 of Rs. 6,21,000, against Rs. 6,07,000, the revised estimate for this year, as shown below:—

Miscellaneous	6,500	7,000
Total ...	6,07,000	6,21,000

The Budget.

The increase in the revised estimate as compared with the sanctioned estimate for the current year, is mainly due to the large advances made to agriculturists in the Tippera and Bankura districts and in the Eastern Bengal districts which were swept by the cyclone. The variations between the revised estimate for 1919-20 and the budget estimate for the ensuing year are small and call for no remarks.

The interest which is paid to the Government of India by the local Government, on sums placed at the disposal of the latter for advances and loans to cultivators, co-operative societies, notabilities, municipalities (excluding Presidency Corporations), District Boards and ex-students of the Weaving Institute and for advances on drainage and embankment schemes, is shown as expenditure under this head, the interest being calculated on the mean between the outstanding balance of the Provincial advance and loan accounts, at the beginning and at the end of each year. The rate of interest charged to the local Government by the Government of India, was until recently 3½ per cent. per annum, but with effect from the 1st October 1916 this rate was raised to 4½ per cent. in respect of loans sanctioned on or after that date and again to 5½ per cent. in respect of loans sanctioned on or after the 1st April 1917, while loans sanctioned prior to those dates are charged at the old rate of 3½ per cent. In view of the actuals of the first nine months of the current year, the revised estimate for 1919-20 has been fixed at Rs. 27,17,000 against the sanctioned estimate of Rs. 26,38,000. The increase of Rs. 79,000 in the revised Pages 54 to 66.

The Budget.

estimate is the result of several variations under the minor heads, but the chief excesses occur under the heads "Civil Secretariat,' "Board of Revenue" and "Commissioners." The increase is partly due to larger expenditure under "Salaries," owing to the leave allowance of some officers on leave in England having been drawn in India, and under "Establishment," consequent on the large increase in work. The increase under "Commissioners" is due to the appointment of an Additional Commissioner at Dacca to control the relief operations in the cyclone-affected area in Eastern Bengal. The excesses would have been larger but for savings under the head "Tour expenses," owing to the non-utilization of the provision for the construction of a new metre-guage bogie saloon for the use of His Excellency the Governor, the sanction of the Government of India to its construction having only just been received.

The budget estimate for 1920-21, besides allowing larger provision for the contract allowance of His Excellency and increase in the pay of the band establishment with a view to allow the staff the increment sanctioned for British soldiers, and larger provision under "Civil Secretariat—Contingencies." based on actuals, includes Rs. 61,767 for the construction of a new metre-gauge bogie saloon, to replace the present saloon, for the use of His Excellency, Rs. 5,000 for the revision of the office establishment of the Military and Private Secretaries to the Governor, Rs. 5,000 for repairs of Council room furniture in Government House, Calcutta, Rs. 14,000 for the revision of the pay of lower grade clerks of the Civil Secretariat, Rs. 9,228 for the reorganization of the office of the Board of Revenue, and Rs 3,240 for the entertainment of a temporary establishment in connection with the revision of the Bengal local statutory rules and orders.

REVENUE.

Page 13.

The principal sources of revenue are, "General fees, fines and forfeitures" and "miscellaneous fees and fines." The receipts under these heads are, however, liable to fluctuation, as they depend largely on the amount of judicial fines inflicted and the fees and commissions realised by the Administrator-General. Against the sanctioned estimate of Rs. 11,88,000, considering the progress of actuals, the revised estimate for the current year has been fixed at Rs. 13,30,000. The increase is more or less contributed to by all the minor heads, but is mainly due to the fact that the realisations by the Administrator-General on account of fees and commissions are much better than was anticipated last year when the budget was framed.

Following the revised estimate, and allowing for a small expansion of revenue, the estimate for 1920-21 has been placed at Rs. 13,50,000.

EXPENDITURE.

High Court.—Under this head are shown the salaries of the judges and officers and establishments of the High Court, and the connected contingent expenditure. The small increase in the revised estimate is mainly due to the retention of the additional Puisne Judge for the whole year, instead of for four months only, as was expected when the budget was framed last year. The ensuing year's estimate generally follows the revised estimate for the current year, with the exception that a slightly larger provision has been made under contingencies according to requirements, and a provision of Rs. 52,788 for an additional judge and his establishment for the whole year. Pages 67 to 71.

Law officers.—This minor head comprises the charges on account of the Advocate-General, the Legal Remembrancer, the Government Solicitor, the Standing Counsel, the Public Prosecutor and Government pleaders in the High Court and in the mufassal. It also includes the fees paid by Government to pleaders in civil and criminal cases. The expenditure being dependent on the number and importance of the cases entrusted to pleaders, the charge under the last named head is of a fluctuating nature. The small decrease in the revised estimate is mainly under the head "Salaries" and "Supplies and Services." The estimate for 1920-21 allows for the normal growth of expenditure, but the increase is mainly due to larger provision under "Fees to pleaders" based on the current year's ten months' actuals. Pages 71 to 73.

Civil and Sessions Courts.—To this minor head are debited the charges in connection with the Courts of District and Sessions Judges, Subordinate Judges and Munsifs and process-serving and copyist establishments. The increase in expenditure in the current year is due mainly to the additional temporary courts which it has been found necessary to open, to cope with the steady increase in judicial work, and partly to the payment of war allowances to menials and larger expenditure under contingencies. The ensuing year's estimate, besides providing for a further increase in the volume of judicial work, includes a provision of Rs. 2,50,000 for the improvement of the pay Pages 77 and 78

of the officers of the Provincial Judicial Service, against a lump provision of Rs. 1,25,000 for the same purpose in the current year's budget. The estimate for 1920-21 also includes a few schemes involving small expenditure, the details of which are given in the schedule attached as an annexure to this memorandum.

Pages 79 and 80. *Courts of Small Causes.*—The salaries of the judges and officers of the Presidency and mufassal courts, their establishment and connected contingent expenditure, are shown under this minor head. The provision for the seventh additional judge and his establishment, which exists in the current year's budget, has been repeated in the estimate for 1920-21.

Pages 80 and 81. *Criminal Courts.*—Under this minor head the variations in the figures follow the corresponding alterations under the head, " 3. Land Revenue—Charges of district administration," a portion of which is transferred to this head. The large increase in the revised estimate for the current year is mainly due to an increase in expenditure under " Supplies and Services " and " Contingencies," owing to a rise in the price of all articles of stationery, and to the enhancement in the rate of postage and telegram charges recently made by the Postal Department, as also to the payment of war allowance to menials. The estimate for 1920-21 assumes the continuance of these abnormal causes, but the increase of Rs. 5,64,000, which represents a share of the total increase, over the revised estimate for the current year, is mainly due to a lump provision of Rs. 2,50,000, against a provision of Rs. 1,25,000 in the current year's budget, for the furtherance of the scheme for the appointment of circle officers, and to a provision of Rs. 10,53,000 to give effect to the recommendations of the Public Services Commission for the revision of the pay and prospects of the Indian and Provincial Civil Services officers. The last named scheme is at present before the Secretary of State and it is hoped that orders will shortly issue.

REVENUE.

Pages 13 and 14 The main source of receipts under the head. " Law and Justice—Jails," is the sale-proceeds of articles manufactured in jails and supplied to the public and public departments. The sale-proceeds of quinine packets are also credited in moiety under this head and the head " XXI B.—Scientific and Miscellaneous Departments." The large increase in the revised estimate is mainly due to a large demand for quinine from the military authorities for the frontier campaign, and to the high prices that are at present obtainable for most of the articles of jail manufacture, especially for cotton goods, mustard-oil and castor-oil.

In view of the difficulty of obtaining good raw materials for uniforms and other cotton goods, and of the fact that a good crop next year might cause a fall in jail population and also in the demand for oil, gunny bags and other articles, the next year's receipts cannot be expected to be as high as those of the current year. The estimate for 1920-21 has, therefore, been placed at Rs. 16,02,000, against the revised estimate of Rs. 17,32,000 for 1919-20.

EXPENDITURE.

Under this head are shown (*a*) the salary of the Inspector-General of Prisons and the cost of his office establishment and contingencies, (*b*) the expenditure connected with the staff employed in the supervision of jails, (*c*) the charges for the maintenance of convicts, and (*d*) the cost of the purchase of raw materials for jail manufactures. The items (*c*) and (*d*) are fluctuating, being dependent on the strength of the jail population and on demands for jail manufactures. Variations in the price of food-grains and outbreaks of epidemic diseases in jails affect the charges for the maintenance of prisoners, while fluctuations in the price of raw materials affect the cost of production of jail manufactured articles.

Jails.—The increase in the revised estimate for 1919-20 as compared with the budget estimate for that year, occurs mainly under "Dietary charges" and "Clothing and bedding of prisoners," owing to the high prices of food-stuffs and clothing prevailing at present. The dietary charges are expected to rise by Rs. 4,16,000 and charges for clothing and bedding of prisoners by Rs. 1,00,000, besides an expected rise in expenditure of Rs. 21,000 under hospital charges, and of Rs. 43,000 under "Miscellaneous—supplies and services." Increases made up of small sums occur also under other sub-heads. Pages 82 to 90.

The estimate for 1920-21 makes allowance for the the continuance of the high prices of cloth and bedding materials, but assumes that the crop prospects will be good and, therefore, that there will be a fall in the prices of food-stuffs. The only noticeable addition to recurring expenditure in the next year's budget, is the provision of Rs. 50,000 for the revision of the Jailors' establishment. The members of the Subordinate Jail establishment, at the beginning of the present year, submitted a memorial for the improvement of the pay and prospects of their service. Although the whole question of jail administration is shortly to be scrutinized by the Indian Jail Commission, after full consideration of the case, it has been decided not to postpone the improvements till the recommendations of that body are fully formulated, as the present conditions of the Subordinate Jail establishment are not what they should be under any economic conditions that are likely to be normal in future, while the phenomenal level of prices at the present time makes it necessary to attempt some immediate amelioration. The recommendations of this Government to the Government of India involve an additional expenditure of Rs. 50,000 next year, and provision has been made accordingly.

Jail Manufactures.—The increase of Rs. 4,40,000 in the revised estimate for 1919-20 is due mainly to the rise in the price of raw materials and to the purchase in larger quantities of such materials to supply the heavy demands for jail-made goods. As a fall in the price of raw materials cannot at present be hoped for, adequate provision has been made in the budget estimate for 1920-21 for their purchase, while provision has also been made for the purchase of European stores to make up deficiencies, as such articles during the war were not only scarce but expenditure on them was kept at a minimum as a measure of war economy. Pages 14 and 15.

The receipts under this head consist mainly of (*a*) fees and fines levied under the Cattle Trespass Act, (*b*) the recovery of the cost of police supplied to public departments, private companies and persons, (*c*) fees levied under the Motor Vehicles Act and the Hackney Carriage Act, and (*d*) fees under the new Arms Act rules. The large increase of Rs. 1,03,000 in the revised estimate for the current year, as compared with the sanctioned estimate, is partly due to larger receipts than were contemplated under the Motor Vehicles Act, owing chiefly to the rapid increase in motor traffic, but mainly to an expected revenue of Rs. 72,000 as fees under the new Arms Act rules, a factor which was not taken into account when the current year's estimate was framed. Allowing for a small growth of revenue of Rs. 15,000 over the revised estimate for the current year, the estimate for 1920-21 has been fixed at Rs. 3,55,000.

The Budget.

EXPENDITURE.

The cost of establishment maintained in connection with cattle pounds is debited to this head, but the bulk of the expenditure relates to the Police Department. The charges relating to the maintenance of settlements for the reclamation of criminal tribes is also recorded under this head.

Presidency Police.—Against the sanctioned estimate of Rs. 22,77,000 for 1919-20, the revised estimate for the current year has been fixed at Rs. 23,55,000. The increase of Rs. 78,000 over the sanctioned estimate is partly due to larger expenditure in clothing, and partly under "Salaries," owing to the revision of the pay of the Imperial Service officers sanctioned by the Secretary of State. The increase in expenditure would have been larger but for the savings in the provision for the pay of the force owing to vacancies, and for smaller savings under several other heads. Pages 93 to 98.

The budget estimate for 1920-21 provides for a further increase of Rs. 6,61,000 over the revised estimate for this year, which is mainly due to a provision of Rs. 5,00,000 for payment to the District Charitable Society to enable them to meet the cost of acquiring a suitable site in the suburbs of Calcutta and of building a new alms-house, Rs. 76,000 for the creation of a Public Vehicles department, to control the hackney carriages and the motor vehicles which have, this year, been transferred from the control of the Calcutta Corporation to that of the police, and Rs. 50,000 for the entertainment of extra staff for the licensing of arms under the new Arms Act rules. A sum of Rs. 36,263 has been provided to meet the cost of additional staff and recurring charges of the four new motor launches sanctioned for river patrol work, and Rs. 30,000 for the supply of boots and *munda* shoes to head constables and constables. Another noticeable alteration in the estimate is the change in the apportionment of the police charges between Government and the Port Commissioners, whereby such charges will be apportioned in future in the ratio of three-tenths and seven-tenths, respectively, with regard to the force of the Port, Dock and the Jetty Police, while the Port Commissioners will contribute also three-fourths of their seven-tenths share towards pension charges.

Superintendence.—The salaries of the Inspector-General, Deputy Inspectors-General and of their establishment and contingencies are accounted for under this minor head. The increase of Rs. 29,000 in the revised estimate as compared with the sanctioned estimate for the current year, is mainly due to the revision of pay of the Imperial Police officers recently sanctioned by the Secretary of State and to the drawal in India of leave allowances by some of the officers who are on leave in England. There has also been increased expenditure under contingencies owing to the rise in the price of articles of stationery and increase in the postal and telegram charges. The budget estimate for 1920-21 provides for the normal requirements of the department. Page 99.

District Executive Force.—The salaries of District Superintendents, Assistant and Deputy Superintendents and of their establishments, and the cost of the District Police Force and of the provincial Police Training Schools at Sardah, Dacca and Berhampur are included under this head. The expenditure represents nearly 70 per cent. of the expenditure under the whole major head. Against a sanctioned estimate of Rs. 93,22,000 for the current year, the revised estimate for 1919-20 has been fixed at Rs. 98,38,000. The large increase of Rs. 5,16,000 is mainly due to an expenditure of over a lakh in the repairs of buildings damaged by the cyclone of September last, and to the abnormal rise in the price of cloth, which has caused a very great Pages 99 to 106.

The Budget.

increase in expenditure on clothing. The budget for the current year made insufficient provision under "Travelling allowance," and the revised estimate under this head has been fixed at sR. 10,00,000, on the basis of recent actuals, against the sanctioned estimate of Rs. 5,50,000. Owing to the very great rise in the price of articles of stationery and increase in the rates of postal and telegram charges, an increased expenditure of Rs. 1,18,000 is expected under "Contingencies." The sanction of the Secretary of State to the increase in the pay of head constables not having been yet received, a saving of Rs. 2,17,000 is anticipated. But for this saving, the excess expenditure would have been larger.

In the expectation that the sanction of the Secretary of State will be received early next year, a provision of Rs. 2,08,950 has been made for raising the pay of head constables in the next year's estimate. Besides making sufficient allowance for the continuance of high prices during 1920-21, the coming year's budget provides Rs. 74,472 for raising the proportion of the ordinary reserve of constables in pursuance of the scheme already undertaken, Rs. 1,29,120 for strengthening the cadre of sub-inspectors to replace probationers under practical training, Rs. 18,863 for the continuance of the post of an Additional Superintendent at Asansol, Rs. 8,100 for the appointment of an Assistant Principal for the Police Training College at Sardah, Rs. 16,784 for raising the pay of European sergeants, and Rs. 4,902 for raising the scale of the emergency force in the Noakhali district. Owing to a rise in the price of food-stuffs, the rates of diet in police hospitals have recently been raised, and a provision of Rs. 8,000 has been made to meet the increased cost. A sum of Rs. 11,760 has been included in the budget for the payment of an additional grant for the Karwal Nut Settlement, due to an increase in the population of the Settlement, Rs. 7,497 for the employment of a detective staff on rails and rivers, and Rs. 27,000 for the replacement of the launch *Helen Henry* of the River Police.

Pages 107 and 108.

Special Police.—Under this minor head are recorded the accounts of the Bengal Military Police, the Frontier Police, Chittagong, and the charges of the Upper Burma Police Depôt. The large increase of Rs. 1,02,000 in the revised estimate, as compared with the sanctioned estimate for this year, is mainly due to an increase in expenditure under "Ration allowance," owing to the rise in the prices of food-stuffs, and under "Clothing," owing to the abnormal rise in the price of cloth. The estimate for the ensuing year makes necessary provision for the normal charges of the department.

Pages 109 and 110.

Railway Police.—This head includes the cost of the supervising staff and their establishments and the police force employed on the East Indian, Eastern Bengal, Bengal-Nagpur and Assam-Bengal Railways. Except in the case of expenditure on the Eastern Bengal Railway, which is wholly met from Provincial revenues, the line being a State railway, seven-tenths of the total cost used to be realised from the railway companies concerned and the recoveries used to be shown as deductions from the charges. The apportionment of the cost between Government and railway companies, has, however, been changed from this year, and under the new arrangement railway companies will bear the whole cost of watch and ward and Government that of crime and order. The companies will pay their shares as lump sum contributions, which will be taken as a set-off against expenditure.

Pages 111 and 112

Criminal Investigation Department.—The revised estimate shows a saving of Rs. 33,000, as compared with the sanctioned estimate for the current year, while the budget estimate for 1920-21 shows a further reduction of Rs 65,000. These reductions in expenditure are mainly due to less expenditure under "Temporary force"

The total receipts under this head in 1918-19 amounted to Rs. 12,36,652, and the sanctioned estimate for 1919-20 was fixed at Rs. 12,64,000. In consideration of the actuals of the first ten months of the current year, however, the revised estimate has been fixed at Rs. 13,00,000. Owing to shipping difficulties during the period of war the receipts under this head fell gradually. But now that hostilities have ceased, it is hoped that tonnage will increase, causing a rapid recovery in the receipts, and the budget estimate for the coming year has, therefore, been placed at Rs. 15,50,000.

Expenditure.

Pages 113 to 122.

The important head under this major head is, "Pilotage and Pilot establishment," the expenditure being dependent upon the collection of pilotage receipts, of which the pilots get about 55 per cent. The chief causes, however, of the large increase in the revised estimate, as compared with the sanctioned estimate for the current year, are the grant of Rs. 8 lakhs by the Government of India to the Port Commissioners of Chittagong for the purchase of a dredger and the transfer to this head of the addition of Rs. 3,25,000 made by the Government of India to the "45—Civil Works—Civil" budget as an Imperial grant for the improvement of the port of Chittagong.

The Budget.

Against the sanctioned estimate of Rs. 13,31,000 for 1919-20 the budget estimate for 1920-21 has been fixed at Rs. 15,02,000. The large increase in the ensuing year's estimate is partly under the head "Pilotage and Pilot establishment," as increase in pilotage receipts causes an increase in pilotage charges, and partly under the head, "Purchase of marine stores and coal for the building, repairs and outfit of ships and vessels," owing to a rise in the prices of machinery and all articles of European manufacture. The ensuing year's budget also includes Rs. 20,000 for the revision of the salaries of officers in accordance with the recommendations of the Public Services Commission, Rs. 16,000 for the revision of the scales of salaries of the Royal Indian Marine officers, Rs. 19,728 for increasing the pay of engineers, marine surveyors and Assistant Shipping Masters, and Branch Shipping Office, Rs. 9,310 for the purchase of a new boiler for the steam launch *Isabel* to replace the present old one, Rs. 90,000 for the payment of fees to Sir Bradford Leslie and to Mr. Basil Mott for the preparation of designs, etc., for the proposed new Howrah bridge, and Rs. 49,000 for the removal of the disparity in the treatment between lascars taken prisoners from British ships and enemy ships, in respect of their wages. As the last named expenditure is entirely due to the war, the Government of India have been moved to make a corresponding grant to reimburse this Government for this expenditure and a similar amount has been claimed on the receipts side this year under the head "Transfer between Imperial and Provincial."

In view of the transfer of the administration of the port of Chittagong to the charge of the Railway Board, the usual provision of Rs. 1,50,000 as a contribution to that port has been omitted from the next year's estimate, but full provision for the salary of the Port Officer, instead of half as at present, has been made. Since the greater part of the duties which the Port Officer has to perform is on behalf of Government, it has been decided that no recovery for his pay will in future be made from the Port Fund.

The actuals of 1918-19 amounted to Rs. 9,83,109 and the budget estimate for this year was Rs. 10,29,000. Considering the actuals of the first nine months of the current year, the revised estimate for 1919-20 has been fixed at Rs. 10,40,000. Allowing for a normal growth of revenue, the estimate for the ensuing year has been placed at Rs. 11,00,000.

EXPENDITURE.

Against the sanctioned estimate of Rs. 97,86,000 for 1919-20 and the revised estimate of Rs. 95,08,000 for the current year, the ensuing year's estimate has been fixed at Rs. 1,21,42,000. The coming year's estimate includes a provision of Rs. 3,76,000 to give effect to the recommendations of the Public Services Commission for the improvement of the pay and prospects of the Imperial and Provincial Services officers. Even leaving this provision out of account, the next year's budget provides for a growth of expenditure of Rs. 22,58,000, over the revised estimate for the current year. The main features of the budget estimates are explained in detail under the minor heads below.

Unicersity.—The sanctioned estimate of Rs. 16,15,000 for 1919-20, was made up of the recurring Imperial grants of Rs. 30,000 for administration, Rs. 20,000 for Law Colleges, and Rs. 65,000 for the development of the University, besides a lump provision of Rs. 15 lakhs for capital expenditure that may be necessary in connection with the recommendations of the University Commission. The findings of that body having been received too late, it is improbable that any capital expenditure will be incurred this year, and hence the revised estimate for the current year has been fixed at Rs. 1,15 000. The estimate for the ensuing year provides for the usual recurring Imperial grants, and a lump provision of Rs. 5,45,000 for the recurring expenditure that may have to be incurred in connection with the establishment of a University at Dacca. Page 123.

Direction.—Under this minor head are shown the salaries of the Director of Public Instruction and of his Assistants, also the pay of the establishment of the Director's office and the connected contingent expenditure. The Page 124

small increase in the revised estimate is mainly under "Salaries," and is due to the privilege leave allowance of Mr. Hornell having been drawn in India instead of in England.

The budget estimate for 1920-21 provides for normal charges.

Pages 125 to 127

Inspection.—The salaries of the Inspectors of European schools, of technical schools and industries and of other schools, together with the cost of their establishment and contingent expenditure are recorded under this head. The expenditure incurred by the District School Committee is also included under this minor head. The small increase in the revised estimate over the sanctioned estimate for the current year, is mainly under establishment and contingencies. The provision of Rs. 36,000 for the appointment of Additional Assistant Inspectresses of Schools out of the Imperial grants has been repeated in the next year's estimate, which also includes a sum of Rs. 13,380 for strengthening the subordinate Inspectorate by the creation of 18 additional appointments in the Subordinate Educational Service, and Rs. 13,080 for the improvement of the conditions of the services of school mistresses and female inspecting staff, and for granting them house rent allowances.

Pages 127 to 130.

Government Colleges—General.—The estimate for the current year under the head, "English—Arts Colleges—Salaries," was fixed at Rs. 6,59,200, after deducting Rs. 77,612 as probable savings, owing to some officers being on miiltary duty and on leave in England. The actuals, however, indicate that the deduction was excessive, and the revised estimate has, therefore, been fixed at Rs. 7,10,000. This, together with an increased expenditure of about Rs. 20,000 under "Supplies and services," mainly account for the increase in the revised estimate for the current year. The increase under "Supplies and services," is chiefly due to increase in boarding charges, owing to a rise in the price of food-stuffs and to larger expenditure under "Laboratory charges" and "Purchase of maps, books and periodicals." The coming year's estimate, besides providing for normal charges, includes Rs. 4,800 for the creation of a post in the Imperial Educational Service for the Principalship of the Rajshahi College, Rs. 2,400 for the appointment of a lecturer in English for the same College, and Rs. 13,800 for the purchase of scientific apparatus and chemicals for the physical and chemical laboratories attached to Government Colleges. During the war scientific apparatus and chemicals could not be obtained and the result has been that it has not been possible to keep stock up to the normal level. The increased provision, therefore, is to make up that deficiency to a certain extent.

Pages 130 to 133.

Government Colleges—Professional.—The small reduction in the revised estimate is mainly due to the transfer of the provision of Rs. 8,000 for mining instruction in the coal-fields to the head "Grants-in-aid." The estimate for 1920-21 has been fixed at Rs. 3,97,000 against the sanctioned estimate of Rs. 3,77,000 and the revised estimate of Rs. 3,69,000 for the current year. The increase in the next year's estimate, as compared with the sanctioned estimate for the current year, is mainly due to a provision of Rs. 13,640 for the improvement of pay and prospects of the European foreman-instructor and laboratory assistants, Civil Engineering College, Rs. 3,900 for the appointment of a personal assistant on Rs. 250—10—350, with a house allowance of Rs. 75 per mensem for the Principal, Civil Engineering College, and Rs. 7,685 for the purchase of electric apparatus for the same College. Owing to the reduced boarding freeships, an increased provision of Rs. 9,840 has also been made under "Boarding stipends."

Pages 133 to 136.

Government Schools—General.—The increase in the revised estimate for the current year, as compared with the sanctioned estimate for 1919-20, is mainly due to an increase in expenditure under the head, "Secondary schools—English." In consideration of recent actuals, the estimate for 1919-20 under this sub-head was fixed at Rs. 9,75,000, after deducting Rs. 3,90,759 as probable savings. The first ten months actuals of the current year, however, indicate that the savings will be less than were originally anticipated, and the revised for this year has been fixed at Rs. 12,13,000, the increase occurring mostly under "Supplies and Services—Boarding charges."

The Budget.

Against the actuals of Rs. 25,46,257 in 1918-19 and the revised estimate of Rs. 28,00,000 for 1919-20, the budget estimate for the ensuing year has been fixed at Rs. 33,60,000. The large increase in the estimate for 1920-21 is mainly due to larger provision from Imperial grants for the development of secondary and primary education, and to the provision of Rs. 3 lakhs for the improvement of primary education in Calcutta by opening a limited number of model schools, by taking over new schools every year, by improving a certain proportion every year of existing schools which are capable of improvement, and by the provision of a training college for teachers. The additional expenditure involved in the improvement of primary education in Calcutta, will be shared by the Government and the Calcutta Corporation. Another important improvement allowed for in next year's estimate, is the provision of Rs. 1,08,100 for the imparting of manual instruction in schools and for the opening of manual training classes. Besides provision for the above-mentioned schemes, the coming year's estimate also includes Rs. 15,750 for the appointment of a European headmaster for the Hastings House School and for recurring charges for teaching science, Rs. 10,000 for the establishment of a central *Purdanashin* Hindu school at Calcutta, and Rs. 4,200 for the appointment of two mistresses for teaching English in Dr. Khastagir's High School for Girls, Chittagong.

Government Schools—Special.—The large decrease in the revised estimate, as compared with the sanctioned estimate for the current year, is partly due to the non-utilization of the lump provision of Rs. 1,73,671 under the head, "Guru Training Schools," for additional pandits and maulvis, and to savings under "Stipends to pupils," owing to the sanction of the Secretary of State to the scheme for the training of *gurus* not having been received in time for the provision to be utilised in full. In the estimate for 1920-21 the provision for additional pandits and maulvis under "Guru-training Schools" has been repeated, and Rs. 1,00,000 has been provided against Rs 1,24,000 in the current year's budget in pursuance of the scheme for the construction of buildings for *guru*-training schools. In the expectation that the sanction of the Secretary of State will be received during the course of this year, and that it will be possible to introduce the scheme for the training of *gurus* next year, only Rs. 1,69,371 has been deducted as probable savings, against Rs. 2,45,111 deducted from the gross estimate under "*Guru*-training Schools," this year. The noticeable additions, however, in the next year's budget, are the provisions of Rs. 6 lakhs for the acquisition of a site for the establishment for a Technical Institute in Calcutta, Rs. 81,000 for Muhammadan education in madrassas, and Rs. 31,000 for the completion of the Technical School hostel at Kanchrapara. The coming year's estimate also includes Rs. 4,445 for the improvement of the pay and prospects of the five weaving teachers in charge of outlying centres and the two lecturers attached to the Government Weaving Institute Serampore, Rs. 4,800 for the establishment of weaving schools at Noakhali and Zorawarganj, Rs. 6,120 for additional staff for the Government Commercial Institute, and Rs. 6,360 for the improvement of the pay and prospects of European instructors at the Dacca School of Engineering and for the reorganization of that school. Pages 137 to 142.

Grants-in-aid.—In consideration of recent actuals, the current year's estimate was fixed at Rs. 24,73,000 after deducting Rs. 2,57,906 as probable savings. In the expectation that most of the schemes will mature by next year, and that the Imperial grants, which have been repeated in the ensuing year's budget, will also be utilized, a sum of Rs. 42,626 only has been deducted as probable savings from the next year's gross estimate, and the net estimate has been fixed at Rs. 26,95,000. This, together with the omission from the next year's estimate of the provision of Rs. 1 lakh for the Calcutta Girls' School, mainly account for the increase of about Rs. two and a half lakhs over the revised estimate for this year. The only noticeable features in the next year's estimate are a provision of Rs. 1 lakh for the improvement of primary education in the mufassal, Rs. 19,880 for the payment of a grant to the Indian Society of Oriental Art, Calcutta, Rs. 3,240 for additional training stipends for girls in Western Bengal, to meet to some Pages 143 and 144.

extent the present dearth of trained female teachers; Rs. 40,000 for raising the rate of boarding grants under articles 46 and 47 of the European School Code, and Rs. 2,000 for giving facilities for the education of the children of the teachers employed in European schools.

Scholarships.—The sanctioned estimate for 1919-20 is Rs. 2,76,000, but on the basis of recent actuals, the revised estimate for the current year has been fixed at Rs. 2,82,000. The estimate of Rs. 2,80,000 for 1920-21 closely follows the revised estimate for this year.

Pages 147 and 148.

Miscellaneous.—Under this minor head provision is made for the payment of grants for the encouragement of literature, examination charges and other miscellaneous charges. The large reduction in the revised estimate for the current year, as compared with the sanctioned estimate, is mainly under the last named head, and is chiefly due to the non-utilization in full of the provision for Calcutta messes and hostels out of the Imperial grants. Besides providing for the normal requirements of the department, the coming year's estimate includes Rs. 9,792 for the appointment of 16 additional peripatetic needle-work teachers, Rs. 6,000 for the appointment of a scout master, and Rs. 18,500 for the development of evening classes in mining centres.

Imperial grants.—The distribution of the various recurring and non-recurring grants made by the Government of India to this Presidency for the development of education under the several minor heads in this and next year's budget is shown below:—

REVENUE.

The budget estimate for 1919-20 was placed at Rs 3,96,000, but the revised estimate for the current year has been fixed at Rs. 4,40,000. The large increase in the revised estimate as compared with the sanctioned estimate for this year, is mainly under the minor head "Medical School and College fees," and is due partly to the additional accommodation for 100 students in the Dacca and Campbell Medical Schools and partly to the raising of school fees for all new admissions from Rs. 4 to Rs. 6 per mensem. Pages 17 and 18.

Allowing for a further additional accommodation for 100 students next year, and anticipating a receipt of Rs. 20,000 from the Dacca Mitford Hospital, the budget estimate for 1920-21 has been fixed at Rs 4,75,000

EXPENDITURE.

Medical Establishment.—Under this minor head are shown the salaries of the Surgeon-General, Civil Surgeons and their establishments, together with contingent charges. It also records the pay of the Assistant and Sub-Assistant Surgeons paid by Government and of the reserve medical officers and subordinates. The large decrease in the revised estimate for this year is chiefly due to the transfer of a part of the lump provision of Rs. 1,50,000 for the increase of pay of Indian Medical Service officers to other minor heads, to which the pay of officers is debitable. The estimate for 1920-21 generally follows the sanctioned estimate for the current year, but a sum of Rs 33,520 only has been deducted as probable savings from the gross estimate under "Salaries—District Medical Establishment," against Rs. 60,620 deducted from the gross estimate for the current year. This is due to the fact that, hostilities having now ceased, it is expected that the medical officers who were on military duty will now revert to their civil duties and, therefore, next year there will be the normal savings on account of officers on leave. The increased rates of pay recently sanctioned by the Secretary of State for the Indian Medical Service officers in accordance with the recommendations of the Public Services Commission, have also been provided for under the various minor heads to which they are debitable, instead of in lump, as in the current year's budget. Pages 151 and 152.

Hospitals and Dispensaries.—The accounts of all the Presidency hospitals and of the grants to hospitals and dispensaries, together with the Government share of expenditure in mufassal hospitals and dispensaries, are recorded under this head. The expenditure of the Albert Victor Asylum for lepers is also shown here. The large increase in the revised estimate, as compared with the sanctioned estimate for the current year, is mainly due to the increased rates of pay sanctioned for the Indian Medical Service Pages 153 to 158.

The Budget.

officers and to the payment of war allowance to menials Greater expenditure under "Contingencies" in the Medical College Hospital, General Hospital and Campbell Hospital, and under "Supplies and Services" in the Campbell Hospital, also contributes largely towards the increase. The increase in expenditure under "Contingencies" and "Supplies and Services," is mainly due, in the case of the former head, to the abnormal rise in the prices of all articles of stationery, and under the latter, partly to the rise in the prices of all articles of food-stuffs and medical stores and partly to an increase in the number of patients, due to the growing popularity of the hospitals

Against the sanctioned estimate of Rs. 12,39,000 and the revised estimate of Rs 15,63,000 for the current year, the budget estimate for 1920-21 has been fixed at Rs. 19,30,000. The very large increase in the coming year's estimate is chiefly due to provision for the payment of a grant of Rs. 4,00,000 to the Belgachia Medical Institute to enable the authorities to effect certain improvements to comply with the requirements of the Calcutta University, Rs. 15,000 for payment of a grant to the Madaripur Dispensary Committee for the construction of a hospital, and to smaller deduction as probable saving under "Salaries," owing to the expected reversion of medical officers to civil duty. The next year's estimate, besides providing Rs. 70,000 to meet the expenses of the Dacca Mitford Hospital for the whole year, includes Rs. 3,000 for the improvement of the Voluntary Venereal Hospital, Rs. 3,960 for the establishment of an external maternity organization in connection with the Eden Hospital, Calcutta, Rs. 3,600 for the appointment of an assistant radiographer for the Medical College Hospital, Rs. 3,900 for the appointment of a caretaker of instruments on Rs. 250—10—300, with a house rent allowance of Rs. 75 per mensem, for the same hospital, Rs. 13,838 for the establishment of a special department at the Campbell Hospital for the treatment of diseases of the eye, ear, nose and throat, both in the indoor and outdoor wards, and several other schemes involving smaller expenditure, the details of which are shown in the schedule appended to this note.

Pages 159 and 160.

Medical Schools and Colleges.—The increase of Rs. 52,000 in the revised estimate for the current year, as compared with the sanctioned estimate of Rs. 5,18,000 for 1919-20, is partly due to increased expenditure under "Salaries" and partly to larger outlay under "Allowances," "Supplies and Services" and "Contingencies," owing to the rise in the price of all articles of European manufacture The estimate of Rs. 5,98,000 for 1920-21, besides providing for the normal growth of expenditure, allows larger provision for medical and European stores to make up the deficiency in stores in the Campbell Medical School, and Rs. 3,500 for a stone-topped dissecting table for the Dacca Medical School.

Page 161.

Lunatic Asylum.—Owing to the rise in the price of food-stuffs and and clothing, there has been a large increase in expenditure under the head "Diet and clothing," which mainly accounts for the increase in the revised estimate, as compared with the sanctioned estimate for the current year. The estimate for the coming year provides for the normal requirements of the Asylum, and assumes that with a good harvest there will be a fall in the price of food-stuffs.

In the estimate for 1920-21 a sum of Rs. 1,33,000 has also been provided in lump for the improvement of pay of the Provincial Service officers, in accordance with the recommendations of the Medical Services Committee, and Rs. 50,000 for the revision of the pay of Sub-Assistant Surgeons.

REVENUE.

Under this head are recorded the sale-proceeds of lymph, fees for water analysis, fees from candidates for training as sanitary inspectors, and miscellaneous receipts. An anonymous donor has paid a sum of Rs. 50,000 to His Excellency the Governor for expenditure on sanitary improvements, and the Indian Research Fund Association have paid Rs. 2,640 for testing vital statistics. These have been credited under this major head, which mainly accounts for the increase in the revised estimate. As no contribution is expected next year, allowing for a small growth of revenue from sanitary and other fees, the estimate for the coming year has been fixed at Rs. 18,000. Page 18.

EXPENDITURE.

Against the sanctioned estimate of Rs. 18,66,000 for 1919-20, the revised estimate for the current year has been fixed at Rs. 15,00,000. The large saving in the revised estimate, as compared with the sanctioned estimate for this year, is partly due to the non-utilization in full of the lump grant for sanitation, and partly due to the transfer of a sum of Rs. 1,94,000 to the Irrigation Department for expenditure on the Saraswati, Baragachi and Monikhali anti-malarial works and Rs. 10,000 for anti-malarial surveys. Pages 162 to 165.

Besides providing for the normal charges on account of the staff of the Vaccine Department and the Sanitary and Deputy Sanitary Commissioners and their staff and contingencies, the budget estimate for 1920-21 includes, in pursuance of the scheme already undertaken, Rs. 1 lakh for an enquiry into hookworm disease, Rs. 12,500 for investigating river pollution, Rs. 50,000 for the establishment of a Publicity Bureau to educate the general public in regard to public health and Rs. 10,000 for the creation of a separate subordinate sanitary service for Bengal.

Grants for sanitary purposes.—Under this head are debited the grants to local bodies for minor sanitary works and for water-supply and drainage schemes which are sanctioned out of the lump provision for sanitation. This accounts for the debit of Rs. 9,47,000 against this head in the revised estimate, which includes the following important schemes sanctioned this year:—Rs. 3,00,000 for the Dacca Sewerage scheme, Rs 1,25,000 for the Krishnagar water-supply scheme, Rs. 1,00,000 for the Amta drainage scheme, Rs. 50,000 for the Mymensingh water-supply scheme, Rs. 20,000 to the Joynagar Municipality to enable them to bear their share of the Magrahat drainage scheme, Rs. 11,000 to the Jessore District Board towards the execution of the Arul Bhil drainage project, Rs. 21,000 for the Noakhali water-supply scheme, and Rs. 15,000 for the Malda drainage scheme. Page 162.

The Budget.

Page 164. *Expenses in connection with bubonic plague, malaria and epidemics.*—The only noticeable items under this minor head are the provision of Rs 20,000 for anti-stegomyia measures for the prevention of yellow fever, and Rs. 30,000 for child welfare work. A scheme for the establishment for four laboratories for the analysis of water and food in the different parts of the Presidency has already been approved, and Rs. 5,000 has been provided in next year's budget for the establishment of one such laboratory at Dacca.

Page 162. *Lump provision for sanitation.*—Necessary provision has also been made in the budget for 1920-21 on account of sanitary improvements and developments. The details of the schemes to be undertaken next year will be found in the schedule which forms an annexure to this note.

Page 166. In the sanctioned estimate of Rs 2,70,000 for 1919-20 a provision of Rs. 2,25,000 was included for the payment of personal and family allowances of *détenus* under the Defence of India Act. Since the passing of the estimates, it has been decided to debit such charges under the head "32—Miscellaneous," and the revised estimate has therefore been fixed at Rs 43,000, excluding all expenses on account of *détenus*.

The estimate for 1920-21, besides allowing for larger provision for the pursuance of the scheme for the reporting of Bengali and Urdu speeches of importance in Calcutta and in the mufassal, generally follows the current year's sanctioned estimate.

Page 18. The veterinary receipts consist mainly of the fees and fines realised in the veterinary school and the fees levied for the treatment of horses and cattle at the veterinary hospitals, together with miscellaneous receipts.

The Budget.

The agricultural receipts are made up mainly of the sale-proceeds of farm produce at district farms and of receipts from sericultural nurseries.

Against the budget and revised estimate of Rs. 1,85,000 for the current year, the ensuing year's estimate has been fixed at Rs. 2,55,000. The increase expected is partly from the sericultural nurseries, for which a larger outlay has been provided on the expenditure side, and partly from district farms, owing to the opening of three new farms at Tippera, Mymensingh and Bogra.

EXPENDITURE.

Veterinary charges.—The large increase in the revised estimate, as compared with the sanctioned estimate for the current year, is mainly under the head, "Purchase and keep of cattle," and is due to the rise in the price of fodder. The estimate for 1920-21 provides for the normal requirements of the department and follows the revised estimate for the current year. Pages 167 to 169.

Agriculture.—The activities of the Agriculture Department have expanded greatly lately, and the department at present comprisese the following principal officers:—(*a*) a Director of Agriculture, (*b*) three Deputy Directors of Agriculture, (*c*) a Fibre expert, (*d*) an Agricultural chemist, (*e*) an Economic Botanist (*f*) a Superintendent and two Curators for the Botanical Gardens, (*g*) six Superintendents of Agriculture, (*h*) five Farm Superintendents and six Assistant Farm Superintendents, (*i*) a Superintendent of Sericulture and (*j*) 26 District Agricultural officers. Pages 170 to 175.

The small decrease in the revised estimate, as compared with the sanctioned estimate for the current year, is mainly due to the transfer of a sum of Rs. 97,000 from the lump provision of one lakh for agricultural education to the head "45—Civil Works—Public Works Department," for the construction of buildings in connection with the establishment of agricultural vernacular schools at the Chinsura and Dacca farms. The savings would have been larger, but for increased expenditure under "Travelling allowance and contingencies" and smaller excesses under the various minor and sub-heads and larger outlay under "Sericulture," owing to the extension of cultivation. The Government of India have sanctioned an additional grant of Rs. 75,000 from Imperial revenues for the development of agricultural education, and though this amount does not appear in the Civil estimate among the sanctioned allotments of the current year, it is available for expenditure. The budget estimate for 1920-21 has been placed at Rs. 14,01,000 against the sanctioned estimate of Rs. 11,58,000 for the current year. In pursuance of the scheme for the construction of district agricultural farms, a provision of Rs. 1,10,000 has been made in the coming year's estimate for the opening of four new additional farms at Bankura, Faridpur, Chittagong Hill Tracts and Jalpaiguri. The ensuing year's estimate also includes Rs. 59,000 for the revision of the pay of the Imperial Service officers in accordance with the recommendations of the Public Services Commission and for the appointment of additional superior officers, Rs. 62,788 for the

of a new sericultural nursery at Bholahat, Rs. 11,661 for the appointment of an additional Economic Botanist for taking up the question of improving the rice crop in Western Bengal and Rs. 2,500 for the appointment of an Assistant Curator for the Botanic Garden, besides larger provision under temporary establishment for the appointment of additional demonstrators, increased provision under travelling allowance on the basis of the revised estimate for the current year, and larger provision under "Sericulture" for further extension of cultivation.

Page 176. *Co-operative Credit.*—The small saving in the revised estimate, as compared with the sanctioned estimate for the current year, is chiefly due to smaller expenditure under "Salaries and establishment." The budget estimate for 1920-21 has been fixed at Rs. 4,38,000 against the sanctioned estimate of Rs. 3,46,000 for this year. The coming year's estimate includes Rs. 20,640 for one Deputy Registrar and his establishment, Rs. 18,576 for the appointment of 12 additional auditors and their peons, the entire cost of which will be recouped by the levy of audit fees on the societies, Rs. 15,000 for the appointment of additional inspectors and their peons and Rs. 3,600 for the payment of grants to such co-operative societies as are established among poorer urban classes, in order to enable them to entertain a clerical staff for the maintenance of their accounts, besides a larger provision under "Travelling allowance" on the basis of recent actuals. A provision of Rs. 25,000 has also been made for the development of industrial societies, and Rs. 9,000 for a new boiler for the launch belonging to the Department.

Pages 18 and 19. Owing to the cessation of hostilities the budget estimate for 1919-20 was fixed at Rs. 10,82,000 on the assumption that there will be a fall in the demand for quinine from the Military Department. The large increase in the revised estimate, as compared with the sanctioned estimate for the current year, is chiefly due to the large quantity of quinine supplied to the Lahore Medical Store for the Frontier Campaign, which was not foreseen when the budget was framed, and to the realisation of fees for registering a number of new companies started on the revival of trade.

EXPENDITURE.

The original estimate for 1919-20 was fixed at Rs 10,68,000, but it has been reduced to Rs. 9,15,000 in the revised estimate. The decrease is mainly due to savings under the head, "Development of industries," owing to some of the schemes of the new Department of Industries not having matured in time for the full provision to be utilized. Pages 177 to 185.

The estimate for 1920-21, which has been placed at Rs. 10,79,000, besides allowing for the normal provision for the Cinchona Plantations and Rs. 1,43,000 for the office of the Director of Industries, includes Rs. 1,72,000 for the development of industries, Rs. 85,000 for the working of the Calcutta Research Tannery, Rs. 18,000 for the payment of a grant to the Bengal Home Industries Association, and Rs. 40,000 towards the construction of a floating emigration hospital at Goalundo. A sum of Rs. 10,000 has been provided for the establishment of a carp culture station near Calcutta, with a view to arrange for the supply of pure fry of the commoner fresh water carps and to carry on experiments and investigate the various problems underlying the breeding, development and growth of these fishes, and Rs. 3,240 for the appointment of two district fishery officers at Pabna and Faridpur, with a view to obtain first-hand information regarding the condition of fishermen and fisheries. With the development of industries there has been an increase in the number of factories, and a sum of Rs. 8,400 has been provided for the appointment of two additional inspectors in order to strengthen the Factory Department to cope with the increase in work. To give effect to the recommendations of the Public Services Commission Rs. 20,000 has been provided for the revision of salaries of superior officers.

As it has been decided to reduce considerably the strength of the office of the Director of Civil Supplies, which was established as a war measure, only Rs. 10,000 has been provided in next year's budget on this account. It may be noted that, though the expenditure for this is met from Provincial revenues in the first instance, it is ultimately recovered in full from the Government of India.

This head comprises charges for pensions, gratuities and compassionate allowances and for the commuted value of pensions to Government servants. In consideration of the actuals of the first nine months of the current year and of the increased expenditure that will be necessary owing to the improvement of the existing rules relating to superannuation and the retiring pensions of gazetted officers in certain of the civil services, recently sanctioned by His Majesty's Secretary of State for India in accordance with the recommendations of the Royal Commission on the Public Services in India, the revised estimate for 1919-20 has been fixed at Rs 37,77,000.

Following the revised estimate of Rs. 1,42,000 for 1918-19, and allowing for a small expansion, the estimate for 1919-20 was fixed at Rs. 1,49,000. In view of the nine months' actuals of the current year, however, the revised estimate has been fixed at Rs. 2,00,000. The increase in the revised estimate, as compared with the sanctioned estimate for the current year, is chiefly due to a larger sale of the various publications of the Customs Department and of the Indian Law Reports. The only other noticeable provision is a sum of Rs. 5,508 for the revision of the Press and Forms Department establishment.

Against the sanctioned estimate of Rs. 6,99,000 for 1919-20, the revised estimate for this year has been fixed at Rs. 6,50,000. In view of the actuals of the first nine months of the current year, the original estimates of Rs. 5,10,000 and Rs. 75,000 under the heads "Unclaimed deposits" and "Miscellaneous" have been fixed at Rs. 4,50,000 and Rs. 63,000 in the revised estimates, while on the latest actuals the revised estimate under "Fees for Government audits" has been raised from Rs. 66,000 to Rs. 74,000. The increase of Rs. 10,000 under the head "Contributions" is mainly due to the part payment of the advance taken by the Hooghly-Chinsura Municipality last year. The estimate for 1920-21 is Rs. 6,70,000, and includes Rs. 5,00,000 for "Unclaimed deposits" and Rs. 63,000 under "Miscellaneous," which are very uncertain sources of revenue, and Rs. 77,000 for "Fees for Government audits."

EXPENDITURE

Pages 196 to 198.

The estimate for 1919-20 was originally fixed at Rs. 9,34,000, but in the revised estimate this has been reduced to Rs. 5,88,000. The large reduction, which is more apparent than real, is chiefly due to the adjustment, under appropriate heads, of the expenditure sanctioned by His Excellency from his allotment for petty grants, of expenditure on grain compensation allowance, and to the re-appropriation of the reserve provision of Rs. 2,00,000 in order to meet expenditure under other heads. The reduction would have been larger, but for an expenditure of Rs. 1,25,000 for the free distribution of cloth to the poor on the occasion of the Peace Celebrations. The revised estimate also includes Rs. 1,51,000 for the maintenance of *détenus* under the Ingress into India Ordinance and the Defence of India Act. The expenditure on these accounts formerly used to be debited to the head "25—Political," but it has been decided to record them under this head from this year.

Besides including the usual provision of Rs 40,000 for allotment of petty grants by His Excellency, Rs. 4,00,000 for payment of grain compensation allowance, Rs. 75,000 for gratuitous relief and Rs 2,00,000 as a general reserve for unforeseen requirements, the coming year's estimate includes Rs. 25,000 for the maintenance of *détenus*, Rs. 2,00,000 for raising the contract contingent grant of officers in cases where, consequent on the increase in work and rise in the price of articles of stationery, such a course will be found necessary, Rs. 11,00,000 to give effect to the scheme for the improvement of the pay of menials and for the grant of war allowance to menials and low-paid clerks, for which the sanction of the Government of India has been asked for, Rs. 1,50,000 to meet the necessary expenditure in connection with

Owing to the outbreak of famine in the Bankura district and the Brahmanbaria subdivision of the Tippera district and to the damage caused in Eastern Bengal by the cyclone of September last, regular operations for the relief of distress had to be undertaken, which accounts for the large expenditure in the revised estimate for the current year. Besides the direct expenditure shown under this head, large sums were also advanced to cultivators in the affected areas.

The small increase in the revised estimate, as compared with the sanctioned estimate for 1919-20, is chiefly under navigation receipts, due to the continuance of the diversion of railway goods traffic on account of the shortage of railway wagons, to boat traffic on the High Tidal Canal. The budget estimate for 1920-21 follows the revised estimate for the current year on the assumption that such boat traffic will continue during the next year.

EXPENDITURE.

Against the budget estimate of Rs. 2,03,000 for 1919-20, the revised estimate for this year has been fixed at Rs. 2,25,000. The small increase in the revised estimate is mainly due to the change in procedure under which provision for tools and plant of the Cossye Division is made under this major head instead of both under Major and Minor Works as under the old system. The estimate for 1920-21 follows the revised estimate for this year and provides for the ordinary requirements of the department. Page 200.

REVENUE.

The principal sources of revenue under this head are from navigation tolls on the Calcutta and Eastern Canals and the Madaripur Bhil Route. Owing to the scarcity of railway wagons there was an increase in water-borne goods traffic, and, therefore, following the revised estimate for 1918-19, the budget estimate for 1919-20 was fixed at Rs. 10,00,000. The actuals of the last year, however, amounted to Rs. 9,47,975, and in consideration of the actuals of the first nine months of the current year, the revised estimate for this year has been fixed at Rs. 8,50,000. In expectation of a small increase in water borne traffic due to the widening of the Madaripur Bhil Route, the budget estimate for 1920-21 has been placed at Rs. 9,00,000. Page 21

EXPENDITURE.

To the original sanctioned estimate of Rs. 35,06,000 for 1919-20, a sum of Rs. 1,94,000 has been added during this year by transfer from the sanitation grant for expenditure on anti-malarial schemes, so that the total amount Page 201.

The Budget.

available for expenditure under this head stands at Rs. 37,00,000. Considering, however, the actuals of 1918-19, which amounted to Rs. 25,90,177, and the first nine months' actuals of the current year, the revised estimate for 1919-20 has been fixed at Rs. 30,50,000. The large saving in the current year is mainly due to the non-utilization of the provisions for drainage projects and for the formation of a new waterways division for the management and development of the inland waterways in the districts of Khulna, Jessore, Faridpur and Bakarganj, owing to the paucity of superior officers. For the continuance of the schemes already undertaken, the budget for 1920-21 provides Rs. 7,00,000 for widening the Madaripur Bhil Route, Rs. 6,50,000 for rebuilding the Kidderpur bridge, Rs. 1,00,000 and Rs. 40,000 for mitigating the effects of floods in the Hoorhoora Khal and in the Sagarputal Bakshi Bazar Bund, respectively, Rs. 1,04,602 for the Amirabad, Rs. 85,186 for the Pichaboni and Rs. 1 lakh for the Bullee Bhil drainage projects. The coming year's estimate also includes a provision of Rs. 16,000 for coal barges, and Rs. 2,00,000 for the construction of two bridges over the Circular Canal. In the hope that officers will be available next year, the provision of Rs. 85,000 has been repeated in the next year's budget for the construction of buildings, in connection with the establishment of a new permanent waterways division at Khulna.

Page 21 *Civil Works in charge of Civil Officers.*—The bulk of the revenue under this head is from tolls. Considering the first nine months' actuals of the current year, the revised estimate has been fixed at Rs. 1,45,000. As a sum of Rs. 3 lakhs is expected next year by the sale of a portion of the land of the Alms House and the building thereon, to the Calcutta Improvement Trust, the budget estimate for 1920-21 has been fixed at Rs. 4,45,000.

Page 21 *Civil Works in charge of the Public Works Department.*—Considering the progress of actuals, and the fact that the Corporation of Calcutta have paid the balance of Rs. 55,000 in full satisfaction of the cost of the Kalighat outpost site taken by them, the revised estimate for 1919-20 has been fixed at Rs. 6,00,000. As no special receipt is expected next year, the estimate for the coming year has been placed at Rs. 5,00,000.

EXPENDITURE.

Civil Works in charge of Civil Officers.—Commissioners of Divisions and Collectors of districts have been empowered, with reference to the recommendations of the Decentralization Commission, to make discretionary grants for general purposes of a public nature calculated to be of benefit to their districts. The expenditure so incurred is budgetted for under this head in the first instance, and the actual charges incurred are subsequently adjusted to the appropriate heads of accounts. This partly accounts for the reduction in the revised estimate, but the main cause is the transfer to the head "21—Ports and Pilotage" of a sum of Rs. 3,25,000 for payment of a grant to the Port Commissioners for the improvement of the port of Chittagong. Pages 202 and 203.

The estimate for the year 1920-21 includes the following:—

	Rs.
Augmentation grant	8,15,000
Grant to the Calcutta Improvement Trust ...	1,50,000
Special grants at the disposal of Divisional Commissioners and Collectors ...	1,52,000

Civil Works in charge of Public Works Department.—The large reduction in the revised estimate, as compared with the sanctioned estimate for the current year, is due to the inability of the department to utilize the budget provision in full. In the hope that better progress will be made next year the estimate for 1920-21 has been fixed at Rs. 1,26,74,000. The table below shows the position:— Page 204.

	Budget 1919-20	Budget 1920-21.
	Rs.	Rs.

Owing to the inability of the department to work up to the full budget programme this year, larger provision under works in progress has been made in the next year's budget for the completion of works already commenced. This, together with the further provision in the coming year's estimate for new urgent works, necessitates larger provision under "Establishment and stock and suspense." As a number of buildings have been damaged by the recent cyclone, larger provision has also been made for their repair in the next year's budget.

TRANSFERS.

As no income-tax is leviable on the amount on which the Excess Profits Tax is assessed, the original estimate provided for an assignment of Rs. 19,75,000 payable by the Government of India, as compensation, to this Government on account of the loss of income-tax, at the rate of 6 pies for the rupee, on the sum of Rs. 6,25,00,000 estimated as theExcess Profits tax this year. As, however, the total yield on account of the enhanced rates of taxation is appropriated by the Government of India in full, this Government cannot claim compensation at a higher rate than 2½ pies for the rupee, on Rs. 6,25,00,000 and a sum of Rs. 8,13,000 only, has therefore been entered in the revised estimate as compensation payable by the Government of India to this Government. A sum of Rs. 2,37,000 was provided as a contribution to the Bihar and Orissa Government for the construction of the Ranchi Lunatic Asylum for Indians. In the revised estimate only Rs. 1,97,000 has been provided for the purpose as estimated by that Government. In accordance with the instructions received from the Government of India, a provision of Rs. 1,22,000 has also been made in the revised estimate as the share payable by this Government to the Government of Bihar and Orissa, of the cost of the upkeep of the European lunatics sent by this Government to the Ranchi Lunatic Asylum. These items account mainly for the reduction in the revised estimate for the current year, as compared with the sanctioned estimate for 1919-20. The fall would have been larger but for some additional grants given by the Government of India, of which the following are the most important:— Pages 205 and 206.

	Rs.
For the payment of a grant to the Port Commissioners, Chittagong, for the purchase of a dredger	8,00,000
Grant to Sir J. C. Bose for scientific research	1,00,000
Grant for agricultural education ...	75,000
Transfer from Imperial as India's share for anti-malarial irrigation schemes ...	97,000

The budget estimate for 1920-21 shows a plus entry of Rs. 28,02,000 against a minus entry of Rs. 20,30,000 in the revised estimate for the current year. This is due to the fact that in view of the very large increase expected in income-tax revenue next year, this Government will have to pay a larger assignment to the Government of India in connection with the new scheme of taxation, whereas, owing to the abolition of the Excess Profits Tax, no compensation will be payable by the Government of India to this Government in the coming year. These, together with the fact that no special grants are expected in 1920-21, result in the payment by this Government to the Imperial Exchequer of a sum of Rs. 28,02,000 next year.

These District Registrars receive a duty allowance of Rs. 100 per mensem in addition to their grade pay as District Sub-Registrars. It is proposed to make a provision for four additional duty allowances of Rs. 100 each with a view to the extension of the system to four more districts.
5.	Revision of the strength and pay of the ministerial establishment of district headquarters and rural Registration offices in Bengal.	...	1,38,313	1,38,313	...	90 339	90,339	The scheme was sanctioned by the Secretary of State in 1916 but effect could not be given on account of financial stringency. To give partial relief a sum of Rs. 48,012 was provided in the budget for 1919-20. An increase of 20 per cent. on the pay of the ministerial staff in sadar and mufassal offices has been given at a cost of Rs. 47,974. To give full effect to the scheme a further sum of Rs 90,339 per annum will be necessary. The details of the scheme are— (i) Revision of establishment in the headquarters offices on the basis of actual requirements so as to increase the total strength and the rates of pay. (ii) Raising the pay of the clerks and mul arrirs employed in the headquarters joint-offices from Rs. 20 and Rs. 15 to Rs. 30 and Rs. 25 per mensem, respectively. (iii) Enhancement of pay of clerks and muharrirs employed in the mufassal Registration offices from Rs. 20 and Rs. 15 to Rs. 25 and Rs 20 per mensem, respectively. (iv) Payment to temporary muharrirs employed in Registration offices at Rs. 20 instead of at Rs. 15. (v) Employment of paid probationers on Rs. 10 per mensem, the sanctioned number for each district being fixed at 8 per cent of the total permanent establishment in it.
6.	Raising the pay of probationers.	...	2,160	2,160	...	2,160	2,160	In the re-organization of the cadre of Sub-Registrars sanctioned by the Secretary of State in April 1918, the existing rate of pay of probationers which is Rs 30 per mensem remains unaltered. Government have sanctioned the raising of the pay of 18 probationers to Rs 40 as the existing rate is now inadequate for a recruit of the right stamp on the understanding that effect should not be given till budget provision could be made. Extra Cost = Rs. (40—30) × 18 × 12 = 2,160.

The following Act of the Indian Legislative Council received the assent of the Governor General on the 20th March, 1920, and is hereby promulgated for general information :—

ACT No. XIV OF 1920.

An Act to provide more effectual control over the administration of Charitable and Religious Trusts.

WHEREAS it is expedient to provide facilities for the obtaining of information regarding trusts created for public purposes of a charitable or religious nature, and to enable the trustees of such trusts to obtain the directions of a Court on certain matters, and to make special provision for the payment of the expenditure incurred in certain suits against the trustees of such trusts; It is hereby enacted as follows :—

Short title and extent.

1. (1) This Act may be called the Charitable and Religious Trusts Act, 1920.

(2) It extends to the whole of British India:

Provided that the Governor General in Council may, by notification in the Gazette of India, direct that this Act, or any specified part thereof, shall not extend to any specified Province or area, or to any specified trust or class of trusts.

Interpretation.

2. In this Act, unless there is anything repugnant in the subject or context, "the Court" means the Court of the District Judge, and includes the High Court in the exercise of its ordinary original civil jurisdiction.

3. Save as hereinafter provided in this Act, any person having an interest in any express or constructive trust created or existing for a public purpose of a charitable or religious nature may apply by petition to the Court within the local limits of whose jurisdiction any substantial part of the subject-matter of the trust is situate to obtain an order embodying all or any of the following directions, namely :—

(1) directing the trustee to furnish the petitioner through the Court with particulars as to the nature and objects of the trust, and of the value, condition, management and application of the subject-matter of the trust, and of the income belonging thereto, or as to any of these matters, and

Provided that no person shall apply for any such direction in respect of accounts relating to a period more than three years prior to the date of the petition.

(2) The petition shall be in writing and shall be signed and verified in the manner prescribed by the Code of Civil Procedure, 1908, for signing and verifying plaints. V of 1908.

Procedure on petition.

5. (1) If the Court on receipt of a petition under section 3, after taking such evidence and making such inquiry, if any, as it may consider necessary, is of opinion that the trust to which the petition relates is a trust to which this Act applies, and that the petitioner has an interest therein, it shall fix a date for the hearing of the petition, and shall cause a copy thereof, together with notice of the date so fixed, to be served on the trustee and upon any other person to whom in its opinion notice of the petition should be given.

(2) On the date fixed for the hearing of the petition, or on any subsequent date to which the hearing may be adjourned, the Court shall proceed to hear the petitioner and the trustee, if he appears, and any other person who has appeared in consequence of the notice, or who it considers ought to be heard, and shall make such further inquiries, if any, as it thinks fit. 6. If a trustee without reasonable excuse fails to comply with an order made under sub-section (5) of section 5, such trustee shall, without prejudice to any other penalty or liability which he may incur under any law for the time being in force, be deemed to have committed a breach of trust affording ground for a suit under the provisions of section 92 of the Code of Civil Procedure, 1908; and any such suit may, so far as it is based on such failure, be instituted without the previous consent of the Advocate General. (3) On any date fixed under sub-section (2) or on any subsequent date to which the hearing may be adjourned, the Court, before giving any opinion, advice or direction, shall afford a reasonable opportunity of being heard to all persons appearing in connection with the petition.

(4) A trustee stating in good faith the facts of any matter relating to the trust in a petition under sub-section (1), and acting upon the opinion, advice or direction of the Court given thereon, shall be deemed, as far as his own responsibility is concerned, to have discharged his duty as such trustee in the matter in respect of which the petition was made.

Forecast of the *Rabi* Crops of Bengal for 1919-20.

(NOTE.—On an average of the five years ending 1917-18, the area under summer rice in Bengal has represented some 0·5 per cent. of the total area under rice in British India.)

Character of the Season.—On account of sufficient moisture in the soil, the weather was generally favourable at the sowing time. Subsequently, the long spell of drought that prevailed in December and January greatly interfered with the growth of the crops and caused damage, especially in parts of Nadia, Jessore, Hooghly, Howrah, Rajshahi, Dinajpur and Pabna. But the February rainfall, though too late, was on the whole beneficial to the late crops, especially to summer paddy. Damage by insects is also reported from Jessore and Jalpaiguri. On the whole, the seasons, though not altogether favourable, was better than last year.

Acreage.—The normal area under the different *rabi* crops in the province dealt within this forecast is estimated at 3,830,200 acres. The area actually sown this year is reported to be 2,930,900 acres against 2,915,100 acres last year. Of this, the area under summer (*boro*) rice is returned at 372,300 acres against 369,700 acres of last year.

Outturn.—According to the estimates of district officers, the outturn of the different *rabi* crops for the province as a whole works out to 82 per cent. of the normal against 72 per cent. of last year, the returns from more important *rabi* districts being as follows:—Nadia 59, Murshidabad 76, Jessore 53, Burdwan 73, Midnapore 83, Rajshahi 68, Jalpaiguri 84, Rangpur 90, Pabna 60, Malda 74, Dacca 88, Mymensingh 100, Faridpur 88, Bakarganj 101, Tippera 85, and Noakhali 83.

Summer rice crop.—The outturn of summer rice according to district estimates in 89 per cent. of the normal against 72 per cent. last year. The gross yield of the crop for the province, on the basis of a normal yield of 14½ maunds of clean grain per acre, is thus estimated at 174,500 tons against 140,100 tons last year, or an increase of about 25 per cent.

NADIA.	Barley	5,500	2,200	2,200	42	58	Middle of October, normal.	Beginning of February, normal.	The increase in area as compared with last year is due to high prices of grains. The weather was favourable at the time of sowing, but subsequently want of rain considerably affected the growth of the crops. The recent rainfall also has been slightly harmful to some of the crops. The outturn is consequently expected to fall much below the normal.

MURSHIDABAD.	Barley	30,100	10,800	11,300	75	83	October to January: generally normal.	Not yet commenced except some pulses. Harvesting will be normal.	The increase in area was due to favourable weather at sowing time. The weather was favourable at the beginning, but subsequent drought retarded the growth of the crops. The casual showers in February, however, had a beneficial effect on the crops excepting those in flowers. The outturn is expected to fall below the normal owing to drought after sowing.

The telegrams should be addressed to "Orders, c-o Advantage, Stock, London." They should give in each case in addition to the name and postal or telegraphic address of the applicant the quantity and description of the goods comprised in the order and the name and address of the ultimate consignee if the goods are destined for a neutral country. MEDICAL COLLEGE OF BENGAL.

RULES FOR THE GUIDANCE OF STUDENTS SEEKING ADMISSION.

1. Three classes of students are admitted for study in the College :—

(*a*) " Regular," or those who enter for the full University course.

The admission to this class is restricted to students (male and female) who are natives of, or whose parents are domiciled in, the area within the territorial limits of the Calcutta University, and the province of Bihar and Orissa.

(*b*) " Casual," or those who enter for selected or isolated subjects.

(*c*) " Military Class " (only students of European or Eurasian parentage are admitted to this class). (*See* separate Prospectus for military students.)

The admission to this class is regulated by the Director-General, Indian Medical Service.

2. The minimum preliminary qualification for admission to the—

(*a*) " Regular Class " is the I. Sc. Pass certificate of the Calcutta University.

N.B.—This rule does not apply to female students.

(*b*) " *Casual.*"—The Matriculation or Entrance Pass certificate or the Calcutta or other Indian Universities, or the Pass certificate of an examination equivalent to the Matriculation of Entrance Examination.

3. The session commences on the 15th June.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in his office, before the 25th May, except in the case of Biharis, Uriyas, Chota-Nagpuris and Assamese students, who should apply to the Inspectors-General of Civil Hospitals of their respective provinces for admission within such date as the latter may prescribe.

Selected candidates must pay the following fees on or before the 10th June, failing which their names will be struck off the selected list :—

	Rs.	A.
Admission fee	20	0
Fees for Summer term	62	8
Athletic Club fee	1	0
Total ...	83	8

5. The number of Regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number. Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Principal.

One-fourth of the total number to be admitted shall be Muhammadans. Twelve candidates will be nominated by the Inspector-General of Civil Hospitals of Bihar and Orissa, and six candidates by the Inspector-General of Civil Hospitals of Assam. These candidates must possess the qualifications mentioned in rule 2 (*a*) In addition, the Bihar and Orissa Government will nominate six scholars who, after 1918, must possess the I. Sc. Pass certificate. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. Female students of Bengal, Bihar and Orissa, Assam and Burma, belonging to the Calcutta University will be admitted to the College, provided they possess the requisite preliminary qualification and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

7. Failed students must apply for admission and pay fees before the 15th May, otherwise their prior claim lapses.

8. All Regular students must pay an annual fee of Rs. 125 in two instalments, viz., Rs. 62-8 for the Summer term and Rs. 62-8 for the Winter term. Fees once paid cannot be refunded.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates on or such subsequent dates as the Principal may direct, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. All Regular students excepting the female students must pay an annual fee of Re. 1 to the Medical College Athletic Club along with the fees for the Summer term.

11. Students relegated to a further course of study after their failure at the Preliminary Scientific M B. and at the First M. B. Examinations shall pay Rs. 80 for the whole session in one instalment by the 1st June.

12. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each subject, including lectures and practical classes.

13. The fees for Casual students or for certificates issued to Regular students leaving the College before completing their study, or for those issued to military students, shall be Rs. 40 per each course of lectures and practical classes and Rs 30 for every three months of hospital practice.

14. Students who fail at the Final M. B. Examination shall pay fees for the whole session at the following rates in one instalment by the 1st June:—

	Rs.
For one subject	25
For two subjects	50
For three or more subjects	75

15. In calculating the sum to be paid under rule 12 by a Regular student, the amount of College fees paid by him, or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 12 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduates undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fee of Rs. 125 for the year in which they hold such scholarships. All holders of other scholarships, whether granted by other Local Governments, local bodies, or Dufferin Fund, shall pay the same fees as Regular students.

DEPARTMENT OF AGRICULTURE, BENGAL.

Special Forecast of the Wheat Crop of Bengal, 1919-20.

(NOTE.—On an average of the five years ending 1917-18, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of irrigated wheat acreage to total wheat acreage in (a) British India and (b) in the territory now reported on has, in the five years ending 1917-18, averaged (a) 40·7 per cent. and (b) 17·8 per cent., respectively).

Explanatory.—This special forecast shows the final estimates of acreage and yield of the wheat crop of the province and is published under orders of Government. The usual final forecast will be published in May as in previous years.

Character of the Season.—Since the issue of the second forecast, excessive rain accompanied with hailstorm in the beginning of March has caused damage in parts of Nadia, Murshidabad, Jessore, Pabna, Dacca and Faridpur. In the districts of Hooghly, Rajshahi and Bogra, however, the recent rain has improved the crop a little. On the whole, the season may be regarded as fairly favourable.

Area sown.—The total area sown this year is estimated at 116,300 acres against 114,600 acres (revised) reported in the corresponding and final forecasts of last year.

Outturn.—The estimated percentages of outturn as returned by the district officers in the important wheat-growing districts are as follows :—Nadia and Murshidabad each 67, Pabna 50 and Malda 90.

The provincial outturn works out to 77 per cent. of the normal against 61 per cent. reported in the corresponding and final forecasts of last year.

Taking the normal yield to be 8½ maunds per acre, the total yield for the province is estimated at 28,000 tons against 21,800 tons in the corresponding and final forecasts of last year.

Offg. Director of Agriculture, Bengal.

APPENDIX I.

Special Forecast of the Wheat Crop of Bengal, 1919-20.

District.	Approximate normal area under the wheat crop.	Approximate area under wheat last year (1918-19).	Estimated area under wheat this year (1919-20).	Taking 100 to represent normal what would be the average outturn per acre cropped.		Date by which the harvesting of the crop generally commenced this year and whether that date was early, normal or late.	Remarks by District Officers.
				Last year.	This year.		
	Acres.	Acres.	Acres.				
Nadia ...	23,100	9,400	11,700	33	67	End of February. Normal.	Want of rainfall during the period of growth has adversely affected the crop. The recent rain has not affected the outturn, though the quality of the crop has deteriorated to some extent.
Murshidabad ...	60,300	23,600	24,400	60	67	March. Normal...	The increase in area as compared with last year was due to favourable weather condition at sowing time. Drought at the period of growth and subsequently heavy showers and hailstorm in March are expected to cause damage to the extent of about 33 per cent.
Jessore ...	2,300	1,100*	900	58	50	Ditto ..	Since the submission of the second forecast, the crop has been damaged to the extent of about 25 per cent. by the excessive rain in March.
Burdwan ...	2,000*	2,000*	2,000*	58	67	Second week of March. Normal.	Some damage has been done to the crop in the Kalna subdivision by drought and by hailstorm in the Katwa subdivision.
Birbhum ...	5,000	4,100*	4,100*	67	83	End of March. Normal.	The weather has been fair.
Bankura ..	3,600*	3,600*	3,600*	67	100	Middle of February. Normal.	The weather has been good and a normal crop is anticipated.
Midnapore ...	1,200*	1,200*	1,200*	70	67	Middle of March. Normal.	Since the submission of the second forecast, the weather has been favourable. The absence of rainfall has damaged about 33 per cent. of the crop.
Hooghly ...	2,400	1,700*	1,700*	50	83	End of March. Normal.	The weather has been favourable since the submission of the second forecast. The outturn is likely to fall below the normal owing to want of timely rainfall.
Rajshahi ...	8,500	6,500	6,900	70	75	Middle of March. Normal.	The weather has been fair. The recent rain is likely to improve the outturn of the crop.
Dinajpur ...	1,400	1,300	1,200	40	61	First week of March. Normal.	The outturn is expected to fall much below the normal for want of rainfall. The recent rain has improved the crop to some extent.
Jalpaiguri ...	800	500	600	85	83	End of March. Normal.	The effects of weather have not been favourable. The absence of rainfall retarded the growth of the crop. The outturn is expected to fall below the normal owing to long continued drought.
Darjeeling ...	4,500	2,500	2,500	100	92	Second week of April. Normal.	The weather has been a favourable one.
Rangpur ...	3,000	3,400*	3,400*	80	90	Beginning of March. Normal.	The weather was favourable at the time of sowing, but subsequently want of moisture owing to drought affected the crop unfavourably. Afterwards the light rains that fell improved the prospects of the crop. Recently a little damage has been done by rain and hail.
Bogra ...	100	100	300	...	80	Middle of March. Normal.	Since the submission of the second forecast there has been some rain which helped the growth of the crop. The outturn is therefore expected to be a little better than what was anticipated in the second forecast.
Pabna ...	16,000	12,000	10,000	60	50	Ditto ...	The decrease in area as compared with last year was due to defective rainfall at the sowing time. About half the crop has been damaged by drought and subsequent heavy rain with hailstorm.
Malda ...	60,000	35,000	35,000	65	90	First week of March. Normal.	The weather has been favourable. Slight damage has been done by hailstorm. The outturn is below the normal owing to unfavourable weather at sowing time.
Dacca ...	4,100	3,900	4,100	75	75	Middle of March. Normal.	Damage to the extent of about 25 per cent. was caused by excessive rainfall and hailstorm in the first part of March.
Faridpur ...	2,700*	2,700*	2,700*	87	96	Not yet commenced	The weather has been favourable to the growth of the crop, but owing to excessive rain and hailstorm since the submission of the second forecast the crop is likely to be affected to the extent of about 4 per cent.
Total Bengal ...	210,000	114,600	116,300	61	77

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 8th April 1920.

Summary.—The rainfall was moderate to heavy in some eastern districts and light and scattered elsewhere. Harvesting of spring crops is well advanced. Ploughing of lands for and sowing of jute, paddy and other autumn crops continue but the progress was hampered in parts of eastern districts owing to excessive rain which also caused some damage to standing crops. The average price of common rice for the province has risen by about 0·34 per cent. as compared with that of the previous week.

READ—

The Report of the Indian Cotton Committee, 1919.

In paragraph 4 of the Resolution by the Government of India in the Department of Revenue and Agriculture, No. 674-191, dated the 2nd August 1919, it was stated that in dealing with the recommendations contained in the Report of the Indian Cotton Committee the Government of India would accord special priority to the examination of the suggestion made in paragraph 223 of the Report regarding the question of licensing ginning and pressing factories. A copy of the letter which the Government of India addressed to Local Governments and Administrations on this subject, and

also with regard to certain other recommendations made by the Indian Cotton Committee in Chapter XVI of their Report, is published for general information.

Letter No. 1718-D., dated Delhi, the 28th February 1920.

From—The HON'BLE MR. A. H. LEY, C.I.E., I.C.S., Secretary to the Government of India, Department of Commerce and industry,

To—All Local Governments and Administrations.

With reference to the Resolution in the Department of Revenue and Agriculture, No. 674-191, dated the 2nd August 1919, I am now directed to address you on the subject of the recommendations contained in paragraphs 205, 212, 213, 223—229, and 231 of the Report of the Indian Cotton Committee (Chapter XVI).

2. In paragraph 205 of the Report the Committee suggest that cotton markets on the Berar system should be established in other provinces as soon as possible, more especially in the cotton tracts of the Bombay Presidency (except Sind), the Madras Presidency (with the exception of the Coconada tract) and the Punjab Canal Colonies. In the opinion of the Government of India this recommendation is clearly sound, and they hope that the Local Governments and Administrations concerned will give it their careful attention and take necessary steps to give effect to the Committee's proposal, with the aid, where necessary, of local legislation.

3. The Committee recommend in paragraph 212 of their Report the universal use of a cotton maund of 28 lbs., but it appears from paragraph 213 of the report that they do not consider any separate legislation to be necessary for the purpose. Apparently all that they intend is that standard weights should be prescribed by Local Governments as one of the conditions of the licensing of gins and presses, and further that in local legislation for the establishment of cotton markets on the Berar system power should be taken to prescribe standard weights for use in those markets. The Government of India think that these proposals are on sound lines and should receive the careful consideration of Local Governments and Administrations.

4. Paragraphs 223 to 229 of the Report deal with the important question of the licensing of gins and presses, and, after giving the matter their most careful consideration, the Government of India are of opinion that the conclusions arrived at by the Committee in this respect are entirely sound. They accordingly propose, subject to certain minor modifications indicated below and to any observations which the Local Governments and Administrations may have to make, to accept and to put into force the Committee's proposals.

5. The Government of India agree with the Indian Cotton Committee that, if effect is to be given to these proposals, it will be necessary to undertake special Imperial legislation for the purpose. They also agree with the suggestion made in paragraph 227 of the Report that all gins and presses should be brought within the provisions of the Indian Factories Act, 1911 (XII of 1911), irrespective of the number of work-people they employ. It must be realised, however, that this action will undoubtedly throw a considerably increased burden of work on the local factory inspection staff and the Government of / the Administration of you. will, no doubt, separately consider what increase, if any, in the number of factory inspectors will be necessary for this purpose in the * * *

6. The recommendations made by the Indian Cotton Committee in regard to the conditions on which licenses should be granted to gins and presses—*vide* paragraph 225 of the Report—appear to the Government of India to be generally suitable, with the possible exception of condition (*m*), *viz.*, that owners of ginning and pressing factories should undertake to work for at least eight weeks in the year, unless prevented by causes beyond their control. The necessity for this condition the Government of India consider to be open to doubt. If, however, the Local Governments and Administrations see no objection to this condition the Government of India will be prepared to accept it. The proposed condition (*l*) regarding lighting seems to be unobjectionable, but if all gins and presses are brought within the scope of the Factories Act no special legislation would be required to cover this point, inasmuch as section 11 (1) of the Act already requires that *every* factory shall be sufficiently lighted.

7. In paragraph 229 of the Report the Committee recommend that action in regard to breaches of the conditions laid down in the license should

only be taken on a complaint to the Central Cotton Committee or to the Provincial Committee. The Central Cotton Committee, the formation of which is advocated in Chapter XIX of the Report, and in connection with which Local Governments and Administrations have been addressed in the Department of Revenue and Agriculture circular No. 1239, dated the 27th November 1919, would, after suitable enquiry, recommend to the Local Government concerned the withdrawal of the license or the issue of a warning as it thought fit. This procedure, though somewhat cumbersome, would, in the opinion of the Government of India, work satisfactorily so far as the withdrawal of licenses is concerned, but as full meetings of the Central Cotton Committee will probably be held only once or twice in a year warnings might well be issued on the recommendations of the Provincial or Local Committees.

8. The Government of India doubt whether it would be advisable that the conditions on which licenses should be granted or withdrawn should be entered in the specific provisions of any legislation that may be undertaken as the conditions might vary from time to time or in different parts of the country. It must be recognised, however, that a law which gave Local Governments unrestricted power to grant, withhold or withdraw licenses might reasonably be open to objection. For these reasons the Government of India are of opinion that the best course would be to enact that licenses may be granted, withheld or cancelled by the licensing authority in accordance with conditions to be laid down by the Local Government, after consultation with an advisory body on which commercial interests should be represented, and that, when the conditions laid down by the Local Government are not in consonance with the recommendations of such advisory body, an appeal shall be allowed to the Governor General in Council. This advisory body would in practice no doubt be the Central Committee recommended in Chapter XIX of the Report.

9. The Government of India are further of opinion that there should be no penalties laid down in the law, except the penalty of withdrawal of license for breach of the conditions and a penalty for working a gin or press without a license. Gins and presses would, of course, be liable for breaches of the Indian Factories Act.

10. [In the opinion of the Government of India the proposed law should apply to the whole of British India, but they are not certain that the conditions in Burma necessitate the action suggested and would be glad to have the views of the Local Government on the point.]

Burma only.

In the opinion of the Government of India the proposed law should apply to the whole of British India. It will not, of course, apply to Indian States, but it is most desirable that they should follow suit and the Government of India intend to invite them to do so as soon as a definite decision has been arrived at as regards the action to be taken in British India.

Except Burma

11. In paragraph 231 of the Report the Committee recommend the offer of concessions in regard to the grant of Government land in the case of surplus factories forming a pool. This is a matter mainly for the consideration of the Local Governments and Administrations, but the Government of India agree with the Committee that where members of a pool in any district keep one or more factories closed without adequate justification, no night shift working should be permitted.

12. In conclusion, I am to request that the Government of India may be favoured at any early date with the views of / the Government of the Administration of / your views on the proposals described above after consultation with such commercial bodies or individuals as the local Government / the Administration / you may consider necessary.

ORDERS—

Ordered that the Resolution be published in the Supplement to the *Gazette of India* for general information.

Ordered also that a copy be forwarded to all Local Governments and Administrations, to the Department of Revenue and Agriculture, and to the Director-General of Commercial Intelligence for information.

C. A. INNES,
Secretary to the Govt. of India.

Orders by the Governor of Bengal in Council.

MUNICIPAL AND LOCAL.

NOTIFICATIONS.

No. 1249M.—The 17th April 1920.—In pursuance of section 37F. of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), it is hereby notified for general information that the scheme submitted by the Commissioners of the Budge-Budge Municipality, in the district of the 24-Parganas, for providing flood flush drainage of that municipality has been approved by the Governor in Council and that the particulars of the said scheme are as follows:—

24-Parganas.

(*a*) The town of Budge-Budge is situated on the left bank of the river Hooghly and lies within its tidal reach. During the rains the tide rises as high as 20·00 and falls to as low as 6·00 and the ordinary tide is about 17·50. The average ground level of the town ranges between 17·00 and 21·00 and there is a protective embankment with sluices along the bank of the river. The roads are mostly embanked and high, except in a few places the road-side drains are deep and wide. There are innumerable insanitary tanks and ditches within the town. A surface drainage scheme was prepared by the Sanitary Engineer, Bengal. In this scheme the silt-laden water introduced through sluices when the river is in flood circulates through the low places in the town, and drains out the water when the river is low. Provision has been made for the construction of the necessary regulators and sluices and for improving the bed of the existing drains, making them pucca where necessary.

(*b*) The estimated cost of the scheme is Rs. 28,070, excluding the cost of acquiring lands on the side of the drains amounting to Rs. 1,178.

(*c*) The estimated cost of the maintenance is Rs. 250 per annum.

(*d*) The sum of Rs. 29,248 on account of the cost of the scheme will be met as follows:—

	Rs.
Municipal Fund	17,396
Contribution from Government	9,500
Riparian mills under Messrs. Andrew Yule & Co.	2,352

No. 1275M.—The 19th April 1920.—In pursuance of section 49, sub-section (*1*) of the Calcutta Improvement Act, 1911 (Bengal Act V of 1911), it is hereby notified for general information that in exercise of the power conferred by section 48 of that Act, the Governor in Council is pleased to sanction the street scheme known as scheme No. XV, sections A, B and C, New Sewer Road, which has been submitted to him by the Board of Trustees for the Improvement of Calcutta under section 47 of the said Act.

2. A description of the scheme is given as follows:—

DESCRIPTION OF THE SCHEME.

The scheme provides for the acquisition of all land contained within the blue verge on the plan of the scheme and for the re-laying out of the land within the said area. The proposed plotting of the land is shewn on the said plan, but the Board are willing to alter the lay-out from time to time in order to meet the wishes of the land-owners concerned. If any land in one ownership forms a suitable plot with an adequate frontage on a road an application for exemption from acquisition under section 78 of the Act will be admitted: no buildings will be demolished except on land actually acquired for roads and open spaces, or on land which it is necessary to amalgamate with other land in order to comply with the lay-out. The only buildings constructed will be shelters and *malis'* houses in the proposed open spaces.

The streets will be laid out as shewn in the said plan. The principal road will be 100 feet wide: one north and south road 84-foot wide will be constructed within the limits of the scheme and will form a portion of the Lansdowne Road extension. The streets will be properly graded, consolidated with metal over an adequate foundation and provided with brick metal footpaths and stone kerbing and guttering.

A main sewer will be laid under the main 100-foot road: it will be connected with the Ballygunge Pumping Station by the Corporation of Calcutta. All subsidiary roads will be provided with sewers draining into the aforesaid main sewer.

Filtered and unfiltered water mains will be laid in all streets and will be connected with the existing water-supply system of the Corporation.

The roads will be lighted with gas: the lamps and lamp-posts being supplied by the Trust, while the mains will be laid by the Oriental Gas Company.

Public latrines and urinals will be placed at sites approved by the Corporation.

Provision is made for the planting of trees in the open spaces and along the wider roads.

All tanks and undrained depressions will be filled in.

Open spaces will be formed as shown in green colour in the said plan.

The estimated expenditure on the scheme is as follows:—

	Rs.
Cost of acquisition of the land within the blue verge	49,00,000 lakhs.
Receipts from sale of land and exemption fee	49,00,000 „

(*a*) " Regular Class " is the I. Sc. Pass certificate of the Calcutta University.

N B.—This rule does not apply to female students.

(*b*) " *Casual.*"—The Matriculation or Entrance Pass certificate or the Calcutta or other Indian Universities, or the Pass certificate of an examination equivalent to the Matriculation of Entrance Examination.

3. The session commences on the 15th June.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in his office, before the 25th May, except in the case of Biharis, Uriyas, Chota-Nagpuris and Assamese students, who should apply to the Inspectors-General of Civil Hospitals of their respective provinces for admission within such date as the latter may prescribe.

Selected candidates must pay the following fees on or before the 10th June, failing which their names will be struck off the selected list :—

	Rs.	A.
Admission fee	20	0
Fees for Summer term	62	8
Athletic Club fee	1	0
Total ...	83	8

5. The number of Regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number. Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Principal.

One-fourth of the total number to be admitted shall be Muhammadans. Twelve candidates will be nominated by the Inspector General of Civil Hospitals of Bihar and Orissa, and six candidates by the Inspector-General of Civil Hospitals of Assam. These candidates must possess the qualifications mentioned in rule 2 (*a*). In addition, the Bihar and Orissa Government will nominate six scholars who, after 1918, must possess the I. Sc. Pass certificate. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. Female students of Bengal, Bihar and Orissa, Assam and Burma, belonging to the Calcutta University will be admitted to the College, provided they possess the requisite preliminary qualification and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

7. Failed students must apply for admission and pay fees before the 15th May, otherwise their prior claim lapses.

8. All Regular students must pay an annual fee of Rs. 125 in two instalments, viz., Rs. 62-8 for the Summer term and Rs. 62-8 for the Winter term. Fees once paid cannot be refunded.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates on or such subsequent dates as the Principal may direct, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. All Regular students excepting the female students must pay an annual fee of Re. 1 to the Medical College Athletic Club along with the fees for the Summer term.

11. Students relegated to a further course of study after their failure at the Preliminary Scientific M B. and at the First M. B. Examinations shall pay Rs. 80 for the whole session in one instalment by the 1st June.

12. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each subject, including lectures and practical classes.

13. The fees for Casual students or for certificates issued to Regular students leaving the College before completing their study, or for those issued to military students, shall be Rs. 40 per each course of lectures and practical classes and Rs 30 for every three months of hospital practice.

	Rs.
For one subject	25
For two subjects	50
For three or more subjects	75

15. In calculating the sum to be paid under rule 12 by a Regular student, the amount of College fees paid by him, or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 12 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduates undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fee of Rs. 125 for the year in which they hold such scholarships. Notification.

WHEREAS owing to the happy termination of the War resulting in gradual increase of traffic, it appears to the Commissioners for the Port of Chittagong and to the Governor in Council of the Presidency of Fort William in Bengal that the ordinary revenue of the trust will improve so that the taxation on goods and shipping enhanced during the War can be modified :

Now, therefore, it is notified, for general information under section 58 of the Chittagong Port Act, 1914, (B. C. Act V of 1914) as amended by the Bengal Act V of 1918, that the said Commissioners propose, with the previous sanction of the Governor in Council, to levy, with effect from the 1st May 1920, a consolidated river due of twelve annas per ton on all goods landed from, or shipped into, any sea-going vessel lying or being within the limits of the said Port (except bunker coal and fuel oil, the rate of river dues on which will be four annas per ton, and cargo coal and fuel oil the rate of river dues on which will be six annas per ton) whether such goods shall or shall not be landed or shipped at any wharf, quay, stage, jetty or pier belonging to the Commissioners.

This draft notification will be taken into consideration on the 26th April 1920, and any objections or suggestions which are received by the Commissioners with respect thereto, before that date, will be duly considered.

K. C. DE, Chairman of the Commissioners for the Port of Chittagong.

Now, therefore, it is notified for general information, under section 57 of the Chittagong Port Act V (B C.) of 1914, that, with the approval of the Governor in Council, a reduction of fees for hauling vessels in and out of moorings will be made by the said Commissioners, with effect from the 1st May 1920 and until further orders as hereinunder set forth :

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR MARCH 1920.

I. **Character of the season.**—During the month under review the rainfall was much in excess of the normal throughout the province. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Planting of sugarcane continued. Harvesting of spring crops was in full swing. Preparatory tillage for jute, paddy and other autumn crops was taking place in Western and Northern Bengal. Sowing of jute and *aus* rice was proceeding briskly in Eastern Bengal, but was suspended at times owing to excessive rain during the first part of the month.

III. **State of standing crops.**—The standing crops suffered in some places from excessive rain and hail during the first two weeks of the month, but were, excepting in two or three districts, reported to be satisfactory.

IV. **Prospects and probable outturn.**—Except in two or three districts the prospects of standing crops were from fair to good. The spring crops for the province are on the whole yielding a satisfactory outturn.

V. **Damage of standing crops.**—During the first part of the month excessive rain accompanied with hail did some damage to the standing crops in parts of Nadia, Murshidabad, Jessore, Khulna, Pabna, Dacca, Faridpur, Tippera and Noakhali.

VI. **Condition of agricultural stock.**—The condition of live-stock was on the whole fair. Cattle-disease existed in parts of Nadia, Murshidabad, Khulna, Hooghly, Rajshahi, Darjeeling, Rangpur, Pabna, Cooch-Behar, Mymensingh, Faridpur, Tippera and Noakhali.

VII. **Failure of pasturage and fodder.**—The supply of fodder was sufficient throughout the province.

VIII. **Prices of food-grains.**—During the second fortnight of the month under review, the prices of common rice rose in nine districts, fell also in nine, and remained stationary in the rest of the province. It varied from $5\frac{5}{16}$ seers per rupee in the head-quarters of Tippera to 7 seers at Birbhum

IX. **Condition of agricultural population.**—The condition of agricultural population was fair.

The 26th April 1920.

No. 37.—Babu Pyari Charan Gupta, Sub-Engineer, Northern Drainage and Embankment Division, is granted, under article 260 of the Civil Service Regulations, privilege leave for one month and 25 days, with effect from the 1st March 1920.

No. 24—The following resolution, issued by the Government of India, in the Public Works Department, is republished for information :—

No. 192E. A., dated Simla, the 1st April 1920.

RESOLUTION—By the Government of India, Public Works Department (Establishments).

In paragraph 5 of Annexure XVIII to their report the Public Services Commission suggested that it might be desirable to consider the question of transforming the upper subordinate establishment of the Public Works Department into a service organized on the model of the existing provincial civil services and of the similarly organized services proposed by them for the Education and Forest Departments. They also recommended that steps should be taken to raise the qualifications of the proposed new service. These recommendations received the strong support of the Public Works Department Reorganization Committee, who suggested that an inferior engineering service should be constituted to provide the bulk of the subdivisional officers. After consulting local Governments and Administrations proposals were formulated to which the sanction of His Majesty's Secretary of State has now been received. The change will be introduced with effect from 1st February 1920. The following are the main features of the scheme :—

I. There will be constituted a provincial service of engineers to comprise the bulk of the officers of the Public Works Department required for the charge of subdivisions. The Public Works Department will in future be organized in the following three services—

(*i*) The Indian Service of Engineers.

(*ii*) The "Provincial" Engineering service.

(*iii*) The "Subordinate" Engineering service.

Recruits for the new Provincial service will be mainly drawn from the Engineering classes of the Indian Engineering Colleges, while appointments will be guaranteed to a certain number of students who fail to obtain appointments in the Indian Service of Engineers. During the first five years after the formation of the Provincial service local Governments will be authorised to promote to them selected members of their upper subordinate establishment, but in making their selection local Governments are requested to bear in mind that the Provincial service is to be a new service of engineers and not a reorganized service of subordinates. Selected temporary engineers may also be appointed to the new service, while any officers of the superior service, who may have failed to show their fitness for divisional rank, but who are held to be efficient subdivisional officers, may be offered appointments in this service. If they refuse such appointments their services should be dispensed with.

II. In order to provide for those members of the permanent upper subordinate establishment, who are not qualified and cannot be selected for appointment to the new Provincial service, and for those students who are in the upper subordinate classes at the Engineering Institutions on the date of formation of the new service, the upper subordinate establishment will be maintained for the present, but no further recruitment of upper subordinates will be made after the students in the colleges on the 1st February 1920 have been absorbed to the numbers guaranteed. The upper subordinate establishment will thus gradually be reduced until it ceases to exist. Classes for upper subordinates at the Engineering Institutions will be discontinued when the students now in these classes have completed their course of instruction.

III. The maximum pay of the Provincial service in all provinces except Burma will be Rs. 750 per mensem. In the case of Madras, Bombay and Bengal the initial and intermediate rates of pay will be as may be prescribed by those Governments. In the case of the United Provinces, the Punjab, Bihar and Orissa, the Central Provinces, Assam, Rajputana and Central India, the pay of the service will be fixed on a continuous time scale of Rs. 250—20—750, with an efficiency bar at Rs. 550. The pay of the Burma Engineering service has, owing to the high cost of living in that province, been fixed at Rs. 300—20—800 with an efficiency bar at Rs. 600.

IV. The Provincial service in each province will be designated the "Madras Engineering Service," "Central Provinces Engineering Service," and so forth. The members of these services will be described as Assistant Engineers.

V. The members of the Provincial service will be eligible for advancement to the Indian Service of Engineers, and 20 per cent. of the number of superior posts open to the India-recruited branch of the Engineer establishment will be allotted in each province to the Provincial Engineering service. Officers thus promoted will be brought into the superior service on the rate of pay next above that which they were drawing in the Provincial service and will count for seniority accordingly. No restrictions are laid down regarding the age at which an officer in the Provincial service may be promoted to the Indian Service of Engineers. This matter will be left to the discretion of Provincial Governments, who will, however, probably find that the interests of the public service are best consulted by selection of officers at an early period in their service. Members of the new subordinate service will not be eligible for promotion to the Provincial service; but they will be entitled to an allowance of Rs. 75 when placed in charge of a subdivision.

VI. Local Governments and Administrations will be addressed separately in regard to the strength of the Provincial service in each province, the initial salary to be drawn by officers selected for this service and other cognate matters. But in order that the appointment of deserving members of the permanent upper subordinate establishment to the new service may not be delayed, local Governments are authorised to make such appointments forthwith on the following conditions:—

(*a*) The number of officers appointed to the Provincial service should not exceed 25 per cent. of the number of regular subdivisions in the province.

(*b*) The maximum initial pay of an officer appointed to the Provincial Engineering service should not exceed that which he would draw had all his service as an upper subordinate been in the Provincial Engineering service.

(*c*) The minimum initial pay of an officer appointed to the Provincial Engineering service should not be less than what he is drawing as an upper subordinate at the time of his selection. If, owing to the operation of condition (*b*), an officer appointed to the Provincial service is entitled to a rate of pay less than he is drawing at the time of his selection, the difference should be paid to him as a personal allowance.

(*d*) Seniority on appointment to the Provincial service should be governed by the selected officers' pay, and officers granted the same pay should retain their present relative seniority.

(*e*) All appointments to the Provincial service made prior to the 1st September 1920 will have effect as from the 1st February 1920.

(*f*) All appointments made in virtue of the present special permission should be regarded as subject to revision and reconsideration, should this prove necessary, when all conditions governing the new service can be brought fully into operation.

VII. Commissaries, Deputy Commissaries, Assistant Commissaries, Warrant and Non-commissioned Officers of the Public Works Department, and, with the concurrence of the Director-General of Military Works, of the Military Works Services, may be appointed to the Provincial Engineering service on the same terms and conditions as Civilians, subject in the case of

Warrant and Non-commissioned officers to the further condition that they take their discharge from the Army.

ORDERED that this resolution be forwarded to the local Governments, Administrations and officers noted below, for information, and that it be published in the *Gazette of India* for general information.

Turkey.—Parcels for civilians in Turkey and its suburbs, and Smyrna will only be accepted if they are fully addressed " c-o Poste Restante, British Army Post Office, Constantinople," (and-or Smyrna) and parcels must be *called* for at the British Post Offices.

URGENT ORDERS.

The Import and Export Licensing Section, Board of Trade, announces that, in collaboration with the Department of Overseas Trade, an arrangement has been made whereby firms receiving orders which require immediate acceptance may telegraph details of any such order to the Department of Overseas Trade in order to ascertain whether a licence will be granted for the export of the goods if the order is accepted.

In the event of an applicant being promised a licence he will be enabled to deal with the order straightaway with the knowledge that upon application being made in the proper form to the Import and Export Licensing Section (Board of Trade) the licence will be granted.

The telegrams should be addressed to "Orders, c-o. Advantage, Stock. London." They should give in each case in addition to the name and postal or telegraphic address of the applicant the quantity and description of the goods comprised in the order and the name and address of the ultimate consignee if the goods are destined for a neutral country. In the case of orders from Allied or British Territory or from Territory in the occupation of troops of the Associated Governments the consignee need not be stated; and it will be sufficient merely to give the country of destination. A reply of 24 words (1-3) must be prepaid.

Applicants are requested in their own interest to confine their enquiries to orders needing a very urgent decision, since the fewer the enquiries the more promptly can answers be given.

Any subsequent correspondence that is necessary in connection with the telegraphic enquiries should be addressed to the Controller-General, Department of Overseas Trade (Export Facilities Section), 35, Old Queen Street, Westminster, S. W -1.

(*b*) "*Casual.*"—The Matriculation or Entrance Pass certificate or the Calcutta or other Indian Universities, or the Pass certificate of an examination equivalent to the Matriculation of Entrance Examination.

3. The session commences on the 15th June.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in his office, before the 25th May, except in the case of Biharis, Uriyas, Chota-Nagpuris and Assamese students, who should apply to the Inspectors-General of Civil Hospitals of their respective provinces for admission within such date as the latter may prescribe.

Selected candidates must pay the following fees on or before the 10th June, failing which their names will be struck off the selected list :—

	Rs.	A.
Admission fee	20	0
Fees for Summer term	62	8
Athletic Club fee	1	0
Total ...	83	8

5. The number of Regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number. Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Principal.

One-fourth of the total number to be admitted shall be Muhammadans. Twelve candidates will be nominated by the Inspector General of Civil Hospitals of Bihar and Orissa, and six candidates by the Inspector-General of Civil Hospitals of Assam. These candidates must possess the qualifications mentioned in rule 2 (*a*). In addition, the Bihar and Orissa Government will nominate six scholars who, after 1918, must possess the I. Sc. Pass certificate. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. Female students of Bengal, Bihar and Orissa, Assam and Burma, belonging to the Calcutta University will be admitted to the College, provided they possess the requisite preliminary qualification and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

7. Failed students must apply for admission and pay fees before the 15th May, otherwise their prior claim lapses.

8. All Regular students must pay an annual fee of Rs. 125 in two instalments, viz., Rs. 62-8 for the Summer term and Rs. 62-8 for the Winter term. Fees once paid cannot be refunded.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates on or such subsequent dates as the Principal may direct, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. All Regular students excepting the female students must pay an annual fee of Re. 1 to the Medical College Athletic Club along with the fees for the Summer term.

11. Students relegated to a further course of study after their failure at the Preliminary Scientific M B. and at the First M. B. Examinations shall pay Rs. 80 for the whole session in one instalment by the 1st June.

12. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each subject, including lectures and practical classes.

13. The fees for Casual students or for certificates issued to Regular students leaving the College before completing their study, or for those issued to military students, shall be Rs. 40 per each course of lectures and practical classes and Rs 30 for every three months of hospital practice.

	Rs.
For one subject	25
For two subjects	50
For three or more subjects	75

15. In calculating the sum to be paid under rule 12 by a Regular student, the amount of College fees paid by him, or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 12 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduates undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fee of Rs. 125 for the year in which they hold such scholarships. DEPARTMENT OF STATISTICS, INDIA

CALCUTTA TRADE FLUCTUATIONS

THE following tables are intended to show the trade by all routes, *i.e.*, by rail, river, canal, road, and sea, of the Calcutta block* in certain selected articles during the eleven months, April, 1919, to February, 1920, as compared with the corresponding period of 1918-19 and 1917-18. The statistics have been compiled from returns furnished by the Collector of Customs, Calcutta, Railway Audit Offices, Steamer Companies, the Commissioners for the Port of Calcutta, the Collectors of the 24-Parganas and Howrah, and the Assistant Engineer, Calcutta Canals.

General Summary

Imports.—The imports of rice, including paddy†, into Calcutta* by rail, river, canal, road, and sea (coastwise) during the eleven months, April, 1919, to February, 1920, amounted to 20,740,000 maunds, as against 15,973,000 maunds in the corresponding period of the preceding year—an increase of 30 per cent. There was an increase of 16 per cent in the imports of coal and coke (91,692,000 maunds as against 79,294,000 maunds last year).
